WARRANTS/MINUTES/ELECTIONS

Special Town Meeting Warrant

April 2, 1994

To any of the constables of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at a Special Town Meeting, to meet at the Plymouth North High School on Saturday, the Second Day of April, 1994, at 9:00 AM, to act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel By-Law by incorporating Collective Bargaining Agreements approved by the Board of Selectmen, or take any other action relative thereto. **PERSONNEL BOARD**

ARTICLE 2: To see if the Town will vote to raise and appropriate or transfer a sum of money to be added to funds already appropriated under Article 7 of the 1993 Annual Town Meeting for the purpose of supplementing departmental expenses, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 3: To see if the Town will vote to raise and appropriate or transfer a sum of money to develop guidelines to assist applicants to the Plymouth Historic District Commission.

BOARD OF SELECTMEN .

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer or borrow a sum of money for the repair of storm damage to Plymouth Beach, or take any other action relative thereto.

DEPARTMENT OF PUBLIC WORKS PARKS DIVISION

ARTICLE 5: To see what amount the town will raise and appropriate or transfer from available funds, to the Stabilization Fund, as authorized by the provisions of Section 5B of Chapter 40 of the Massachusetts General Laws, as amended, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 6: To see if the Town will vote to adopt Chapter 41, Section 19J of the Massachusetts General Laws, Alternative Provision for Additional Compensation of Clerks Also Serving on Boards of Registrars, or take any other action relative thereto.

TOWN CLERK

ARTICLE 7: To see if the Town will vote to establish revolving funds for certain School Department programs in accordance with the provisions of MGL Chapter 71, Section 71E or take any other action relative thereto.

PLYMOUTH SCHOOL DEPARTMENT

S

TO

Build

ARTICLE 8: To see if the Town will vote to amend Section 400.02 of the Zoning Bylaws of the Town of Plymouth by amending the official zoning map by changing the designation of the land shown on Zoning Map No. 1, Plymouth Quadrant, and described as the land lying on the southerly side of Samoset Street (Route 44) and west of Pilgrim Hill Road and shown as Lots 6-5, 21A, 22B and 22C on Plat 101 of Plymouth Assessors' Maps, from R-20MD (Residential Mixed Density) to AC (Arterial Commercial) or take any other action relative thereto. PLANNING BOARD

ARTICLE 9: To see if the Town will vote to amend the Town of Plymouth Bylaws Fine Schedule to include specific fines for violations of Article 5.16 - Snow Removal, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 10: To see if the Town will vote to approve an amendment to Town of Plymouth Bylaw Article 10 - REGULATIONS PERTAINING TO PONDS, Section 10.3 HEADWAY SPEED - REGULATIONS; By inserting, after the words "headway speed", the following—"with the exception of Great Herring Pond", or take any other action relative thereto.

BY PETITION: DAVID R. CLARK, et al

ARTICLE 11: To see if the Town will authorize the Board of Selectmen to petition the Massachusetts General Court, for special legislation to exempt the Town from General Laws, Chapter 58 Section 8 in order to allow the refund of certain taxes collected from Surfside Home & Lot Assoc., Inc. for the fiscal years 85-90, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 12: To see if the Town will authorize the Board of Selectmen to petition the Massachusetts General Court and/or authorize the Town to take all steps necessary to amend Chapter 288 of the Acts of 1992, an act relating to the dissolution of the Plymouth/Carver Regional School District, said amendment to provide for and clarify that the towns of Plymouth and Carver shall remain liable for the un-

funded pension obligations of the former district, the unfunded employee benefits obligations of the former district and any other unfunded obligations of the former district, or take any other action relative thereto.

Plymouth, ss.

Pursuant to the foregoing Warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in elections and Town affairs to meet in the Plymouth North High School on Saturday, the Second Day of April, 1994, at Nine O'Clock in the forenoon to conduct the Annual Business Meeting of the Town of Plymouth, by posting copies of this Warrant in the Town Office Building seven days at least before such meeting.

CONSTABLE OF PLYMOUTH

Annual Town Meeting Minutes

April 2, 1994

The Moderator, F. Steven Triffletti, opened the meeting at 9:00 A.M., on Saturday, 2 April 1994 at Plymouth North High School. Girl Scout Troop 1234 Color Guard presented the colors and led the pledge of allegiance. Jessica Hague and James DePasqua, Plymouth high school students sang the National Anthem. Pastor Larry Schuse of the Salvation Army gave the invocation.

2) To so te

Revo

The Moderator called the Town Clerk, Mr. Pizer, who read the list of deceased town workers and committee members.

Twenty-two town employees received recognition for twenty-five years of service: Dorothy A. Zupperoli, David P. Ames, Arthur Laine, Jr., Robert E. Webb, Edward Verkade, Douglass C. Gray, Beverly Roberson, Joseph Folger, Leonard Harlow, David Furtado, Richard O'Keefe, Lothrop W. Hedge, Janice Downie, Curtis L. Ireland, Marlene A. Pedro, Bradford Bartlett, David Calhoun, Donald J. Ward, Paul Asiaf, William Mazalewski, Thomas A. Vacchino, David Grennell.

Senator Therese Murray spoke on the state of the state and its relation to town finances.

The Clerk certified a quorum at 9:15 A.M. The Moderator called the meeting to order. The Moderator found the Call to Meeting to be in order and with permission of Town Meeting Members dispensed with the reading of the warrant.

Mr. Maloney moved to adjourn the Annual Town Meeting and to open the Special Town Meeting. It was so VOTED at 9:50 A.M.

After the adjournment of the Special Town Meeting, the Moderator returned Annual Town Meeting to session at 3:02 P.M.

Mr. Maloney moved that the adjourned sessions of this Annual Town Meeting be held at the following dates and times:

Monday,	April 4, 1994	7:30 p.m.
Tuesday,	April 5, 1994	7:30 p.m.
Wednesday,	April 6, 1994	7:30 p.m.
Monday,	April 11, 1994	7:30 p.m.
Tuesday,	April 12, 1994	7:30 p.m.
Wednesday,	April 13, 1994	7:30 p.m.

Mrs. Almeida moved that Town Meeting adjourn to Monday, 4 April 1994 at 7:30 P.M. The motion PASSED. Town Meeting adjourned at 3:03 P.M.

Annual Town Meeting Minutes

Adjourned Session of April 4, 1994

At 7:30 P.M. the Moderator, Mr. Triffletti, opened the adjourned session of the Annual Town Meeting with announcements. He recognized Mr. Griffin, Town Manager, to present his budget assessment. At 7:54 P.M. at the conclusion of Mr. Griffin's presentation, the Clerk advised Mr. Triffletti that a quorum was present and Mr. Triffletti called the meeting to order.

ARTICLE 1: Mr. Maloney moved that the Town receive the reports of various Town Committees, Boards, Commissions and Departments, and place them on file at the Town Clerk's Office.

The motion PASSED.

ARTICLE 2: Mr. Maloney moved that the Town vote to continue the following revolving funds for Fiscal 1995, as established under Article 19 of the April 6, 1991 Special Town Meeting:

- a) The Manomet Village Parking Revenue Revolving Fund
- b) The Cedarville Village Parking Revenue Revolving Fund
- c) The West Plymouth Village Parking Revenue Revolving Fund
- d) The North Plymouth Village Parking Revenue Revolving Fund
- e) The Plymouth Center Village Parking Revenue Revolving Fund
- These five funds shall be for the programs and purposes identified in Section 305.12 of the Plymouth Zoning Bylaw.
- 2) The departmental receipts credited to these five funds shall be those identified in Section 305.12 of the Plymouth Zoning By-law. Said departmental receipts shall be deposited to the appropriate revolving fund relative to the Village Center for which the funds have been collected.
- 3) The Board of Selectmen shall be empowered with the authorization to make expenditures from the funds so established.
- 4) The limit of expenditures authorized for Fiscal Year 1995 shall not exceed \$1.00 from any parking fund so established.

and further,

Mr. Maloney moved that the Town vote to continue the Recreation Revenue Revolving Fund for Fiscal 1995, as established under Article 3 of the April 4, 1992

Annual Town Meeting.

- 1) This fund shall be for recreational programs and purposes for Plymouth residents and their children.
- 2) The departmental receipts credited to this fund shall be those identified as relating to recreational programs.
- 3) The Recreation Director shall be empowered with the authorization to make expenditures from the fund.
- 4) The limit of expenditure authorized for Fiscal Year 1995 shall not exceed \$50,000.00.

and further,

Mr. Maloney moved that the Town vote to continue the Cable Services Revenue Revolving Fund for Fiscal 1995, as established under Article 3 of the April 3, 1993 Annual Town Meeting.

- 1) This fund shall be for cable-related programs and purposes for Plymouth residents.
- The departmental receipts credited to this fund shall be those identified as arising from cable-related franchise fees.
- 3) The Town Manager shall be empowered with the authorization to make expenditures from the fund.
- 4) The limit of expenditure authorized for Fiscal 1995 shall not exceed \$1.00.

and further,

Mr. Maloney moved that the Town vote to establish the Conservation Beach Nourishment Fund

- 1) This fund shall be for the programs and purposes identified in Section XIII of the Plymouth Wetlands Bylaw, Article 27.
- 2) The departmental receipts credited to this Fund shall be those identified in Section XIII of the Plymouth Wetlands Bylaw. Said departmental receipts shall be deposited top the revolving fund relative to coastal beach nourishment for which the funds have been collected.

- 3) The Conservation Commission shall be empowered with the authorization to make expenditures from the funds so established.
- 4) The Limit of expenditures authorized for Fiscal 1995 shall not exceed \$1.00 from any such fund so established.

and further,

Mr. Maloney moved that the Town vote to establish the Vocational/Technical Studies Program Revolving Fund

- This fund shall be for Vocational/Technical Studies programs and purposes related to
 - a) Automotive
 - b) CAD/CAM
 - c) Carpentry
 - d) Child Care
 - e) Computer Science
 - f) Culinary Arts
 - g) Distributive Education
 - h) Electrical
 - i) Electronics
 - j) Graphic Arts
 - k) Metals/Welding
 - I) Plumbing

of

- The Plymouth School Committee and/or the Superintendent of Schools shall be empowered to make expenditures from said fund.
- 3) The departmental receipts credited to this fund shall be those identified as arising from the Vocational/Educational Studies Programs enumerated above.
- 4) The limit of expenditures for Fiscal 1995 shall not exceed \$150,000.00.

Mr. Allen moved to divide the motion and table the section on Conservation Beach Nourishment Fund. His motion FAILED.

The main motion PASSED.

ARTICLE 3: Mr. Maloney moved that the Town vote to accept the provisions of MGL Chapter 44, Section 53F 1/2 and authorize the establishment of the sewer utility service as an enterprise fund.

The motion PASSED.

- **ARTICLE 4:** Mr. Maloney moved that the Town vote to take the following actions pursuant to Article 1, Section 4 of the Town By-Laws:
- 1) Discharge the Ambulance Committee
- 2) a) Rename the "(Temporary) Animal Shelter Study Committee" as the "(Temporary) Animal Shelter Building Committee"
 - b) authorize the committee to undertake fund-raising activities in connection with the construction of a new animal shelter, and authorize the committee to have oversight of the design and construction of a new animal shelter.
 - c) change reporting requirement to "Annual Town Report"
 - d) continue committee for one year.
- 3) Continue the Manomet Village Steering Committee for three years, and change the reporting requirement to "Annual Town Report"
- 4) a) Increase the membership of the Plymouth Harbor Committee to eleven (11) members
 - b) The Board of Selectmen to appoint two citizens-at-large as the additional members
 - c) Change membership from "Harbormaster" to "Harbormaster or Assistant | harbormaster"
- 5) Continue the (Temporary) Police Station Building Committee for the term of the current project, with the next review date no later than the 1997 Annual Town Meeting.
- 6) Continue the (Temporary) Public Works Facility Study Committee for one year
- 7) Continue the School Building Committee for three years
- 8) a) Amend membership on the (Temporary) Town Hall Study Committee to in substitute "Town Manager" for "Executive Secretary"
 - b) Continue committee for one year

Town Meeting recessed at 9:30 P.M.

Town Meeting returned to order at 9:45 P.M.

The motion PASSED.

ARTICLE 5: Mr. Maloney moved that the Town vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements contained therein as

described in the letter from the Personnel Board and Personnel Director dated March 8, 1994 as follows:

A

Mr. Sullivan moved the previous question. His motion PASSED.

The main motion PASSED.

Town Meeting recessed at 9:22 P.M.

Town Meeting returned to order at 9:37 P.M.

ARTICLE 22: Mr. Maloney moved that the Town vote to amend its Zoning By-law Section 401.04 as shown in the Final Report and Recommendation of the Planning Board on the proposed "ZONING AMENDMENT RELATIVE TO THE R-40 LARGE LOT RESIDENTIAL DISTRICT SIDE YARD SETBACK REQUIREMENTS". The motion PASSED unanimously.

Mr. Parker questioned the quorum. Upon a standing count, the tellers reported seventy Town Meeting Members present, constituting a quorum.

ARTICLE 23: Mr. Maloney moved that the Town vote to amend the Zoning By-law Section 401.12 as shown in the FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD ON THE PROPOSED ZONING AMENDMENT TO ESTABLISH A MAXIMUM SQUARE FOOTAGE FOR STRUCTURES IN THE GENERAL COMMERCIAL DISTRICT WITHIN THE CEDARVILLE VILLAGE SERVICE AREA".

Mr. Serkey moved to amend the proposed language presented in the Final Report and Recommendation of the Planning Board, by substituting the word "and" for the word "or" on the second line of Section (B), "Allowed Uses"; on the third line of Section (C), "Special Permit Uses"; and on the third line of Section (D), "Special Permit Uses subject to Environmental Design Conditions". His motion PASSED.

The main motion PASSED unanimously.

ARTICLE 24: Mr. Maloney moved that the Town vote to amend the Zoning By-law Section 401.12 as shown in the "FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD ON THE PROPOSED AMENDMENT TO THE ZONING AMENDMENT TO SECTION 401.12 GENERAL COMMERCIAL DISTRICT TO MODIFY THE YARD REQUIREMENTS WITHIN THE CEDARVILLE, MANOMET,

AND WEST PLYMOUTH VILLAGE SERVICE AREAS". The motion PASSED unanimously.

ARTICLE 25: Mr. Maloney moved that the Town vote to amend the Zoning By-law as well as Zoning Maps 1 and 2 as shown in the "FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD ON THE PROPOSED AMENDMENT TO THE ZONING BYLAW SO AS TO ESTABLISH SECTION 401.22 PLANNED COMMERCIAL DEVELOPMENT".

Mr. Benjamin Brewster moved the previous question.

On the main motion the moderator called for a standing vote. The motion surpassed the 2/3 requirement with 52 voting in favor and 22 opposed.

Mr. Maloney moved to delay consideration of Article 26 until just before Article 30. The motion PASSED.

ARTICLE 27: Town Meeting took no action.

ARTICLE 28: Town Meeting took no action.

Mr. Maloney moved that Town Meeting adjourn until 7:30 P.M., Tuesday, 12 April 1994 at Plymouth North High School. The motion PASSED.

Town Meeting adjourned at 10:29 P.M.

Annual Town Meeting Minutes

Adjourned Session of April 12, 1994

At 7:30 P.M. the Moderator, Mr. Triffletti, opened the adjourned session of the Annual Town Meeting with announcements. To determine the presence of a quorum, he read the roll of Town Meeting Members. At 7:37 P.M., Mr. Pizer, the Town Clerk, certified a quorum, and Mr. Triffletti called the meeting to order.

ARTICLE 29: Mr. Maloney moved that the Town vote to amend its Bylaws, Article 27, "Wetlands Protection" and its associated Wetlands Protection Regulations as follows:

1) Bylaw Amendment Relative to Time Limits:

Section VIII - Notice of Intent: VIII(M) The words "Three Years" shall replace the words "two years" in the first sentence VIII(N) The words "for one or more periods of up to three years each" shall replace the words "of one year" in the first sentence

The words "at least thirty days" shall replace the words "sixty days" in the first sentence.

Section 6, Procedures:

6.C.3.d. The words "three years" shall replace the words "two years" in the first sentence

The sentence "The order may be extended for one or more periods of up to three years each by a majority vote of the Commission." shall replace the second sentence.

The words "thirty days" shall replace the words "sixty days" in the third sentence.

6.F.1. The sentence "The permit may be extended for one or more periods of up to three years each by a majority vote of the Commission" shall replace the second sentence.

The words "thirty days" shall replace the words "sixty days" in the second sentence.

- 6.F.2.a The words "three years" shall replace the words "two years" in the first sentence.
- 2) Bylaw Regulations relative to Endangered Species Buffer Zones:

Section 5 Performance Standards, H

Insert the following before the last sentence and after the word "proposed":

In addition to the above, the Commission may require a zone of natural vegetation of sufficient width, in areas with mapped endangered species, that the habitat is protected and the species requirements are met. Under most conditions, a zone width of fifty (50) feet would be considered sufficient to accomplish this purpose, however, the distance would depend on the type of habitat for plant species, and the vegetation types and area needed by the animal species for food, shelter, breeding, migration and/or overwintering.

Section 5 Performance Standards, P

Insert the following after the last sentence:

The Commission may approve projects with the requirement of a zone of natural vegetation of sufficient width to assure that habitat is protected and species requirements are met. Refer to Section 5 <u>Performance Standards</u>, H for general buffer width requirements.

3) Bylaw amendment relative to a Beach Nourishment Fund: Add the following:

shall

firs

n-

XIII COASTAL BEACH NOURISHMENT REQUIREMENT.

Any applicant proposing to construct, replace or repair a coastal engineering structure, such as a sloping stone revetment, bulkhead, or other coastal bank stabilization project, deemed by the Plymouth Conservation Commission to deprive the coastal beaches of sediment normally derived from bank erosion, shall either implement a Beach Nourishment Assessment Program, satisfactory to the Conservation Commission, or contribute a specified amount to the Conservation Beach Nourishment Fund at the time of filing the application for a permit.

The purpose of Section XIII is to ensure that the coastal beaches are provided with sediment, as coastal bank erosion provides sediment to adjacent beaches. This sediment maintains an appropriate beach level and slope, which in turn lessens wave heights and velocities during coastal storms and, therefore, lessens damage to coastal banks, resources and property.

In addition to any filing fee, escrow bond or design and review fee imposed by this Bylaw or by Regulations promulgated by the Commission, the Commission is authorized to require the applicant at the time of approval of a Notice of Intent to make payment to the Conservation Beach Nourishment Fund. This fund shall be established in a manner determined by Town Meeting, separate from the General Fund. Expenditures from this fund shall be subject to Town Meeting approval and the approval of the Conservation Commission.

The payment shall be as follows: \$500.00 plus \$3.00/sq.yd. in excess of 165 sq. yards

In lieu of contributing to the Conservation Beach Nourishment Fund, applicants choosing to implement a Beach Nourishment Assessment Program (annual beach profile elevations and annual beach sediment nourishment under the Commission's direction) shall at the time of submission of a Notice of Intent or Request for Determination, notify the Commission in writing.

The Commission may waive this fee for an application filed by a government agency.

The Commission shall determine the location and coordinate the use of the Fund amounts to provide sediment to beaches; 80%, at a minimum, to be used on private properties on Plymouth's coast. Any citizen, applicant, citizen's group or agency may petition the Commission, in writing, to request specific beach nourishment amounts and locations.

Mr. Allen moved to amend by deleting "The Commission may waive this fee for an application filed by a government agency." The motion FAILED.

Mr. Manfredi moved the previous question. His motion FAILED.

Mr. Trostel moved to amend by deleting the following:

"In addition to any filing fee, escrow bond or design and review fee imposed by this Bylaw or by Regulations promulgated by the Commission, the Commission is authorized to require the applicant at the time of approval of a Notice of Intent to make payment to the Conservation Beach Nourishment Fund. This fund shall be established in a manner determined by Town Meeting, separate from the General Fund. Expenditures from this fund shall be subject to Town Meeting approval and the approval of the Conservation Commission.

The payment shall be as follows: \$500.00 plus \$3.00/sq.yd. in excess of 165 sq. yards

In lieu of contributing to the Conservation Beach Nourishment Fund, applicants choosing to implement a Beach Nourishment Assessment Program (annual beach profile elevations and annual beach sediment nourishment under the Commission's direction) shall at the time of submission of a Notice of Intent or Request for Determination, notify the Commission in writing.

The Commission may waive this fee for an application filed by a government agency.

The Commission shall determine the location and coordinate the use of the Fund amounts to provide sediment to beaches; 80%, at a minimum, to be used on private properties on Plymouth's coast. Any citizen, applicant, citizen's group or agency may petition the Commission, in writing, to request specific beach nourishment amounts and locations."

Mr. George Parker moved the previous question. His motion PASSED.

Mr. Trostel's motion to amend PASSED.

On a standing vote, the main motion PASSED with 38 in favor and 35 in opposition.

ARTICLE 26: Mr. Maloney moved that the Town vote to amend its Zoning Bylaw, so as to rezone from WF (Waterfront) to DH (Downtown/Harbor), certain land shown on Zoning Maps 1 & 2 (Plymouth Quadrant), further defined as Lots 70A, 70B, 70-3., 73A, 73B, 74 and 77A on Plymouth Assessors Map 14; and lots 183A and 183B on Plymouth Assessors Map 20, provided that it is effective concurrent to the Historic District Expansion to be voted at this same Annual Town Meeting.

Mr. Pomerole moved the previous question. His motion PASSED.

The moderator judged on a voice vote that the motion carried. Town Meeting challenged the vote. The motion FAILED to reach the necessary 2/3 majority, with 45 voting in favor and 31 opposed.

ARTICLE 30: Town Meeting took no action.

ARTICLE 31: Town Meeting took no action.

ARTICLE 32: Town Meeting took no action.

ARTICLE 33: Mrs. Skelly moved to approve an amendment to the Town of Plymouth Bylaw Article 10 - Regulations Pertaining to Ponds, Section 10.6, Use of Internal Combustion Engines - restrictions, by inserting after the words "Long Pond" the following - "and Great Herring Pond".

Mr. Lee moved that the substance of this article be referred to a "Great Herring Pond Boating By-Law" Committee.

On the motion to commit the matter to committee, the motion PASSED.

ARTICLE 34: Mr. Maloney moved that the Town vote to transfer the care, custody, management and control of Assessors' Plat 27, Lot 29B from the Board of Selectmen for general municipal purposes to the Board of Selectmen for highway purposes in conjunction with the reconstruction of South Street.

The motion PASSED the necessary 2/3 majority with 65 voting in favor and 1 opposed.

Town Meeting recessed at 9:30 P.M.

Town Meeting returned to order at 9:45 P.M.

ARTICLE 35: Mr. Maloney moved that the Town vote to transfer the care, custody, management and control of Assessors' Plat 27, Lot 41A from the Board of Selectmen for general municipal purposes to the Board of Selectmen for highway purposes in conjunction with the reconstruction of Obery Street.

ARTICLE 36: Mr. Maloney moved that the Town will vote to transfer the care, custody, management and control of Assessors' Plat 52, adjacent to Lots 6I, 6K, 6L, 6M and 8C from the Board of Selectmen for general municipal purposes to the Board of Selectmen for highway purposes, in conjunction with the layout of Center Hill Road.

Ma

The motion PASSED unanimously.

ARTICLE 37: Mr. Maloney moved that the Town vote to accept and allow as Town Ways the following streets or portions thereof as laid out by the Board of Selectmen and reported to the Town:

Lisa Avenue,
Wendy Lane,
Tall Pines Road,
a portion of Crabtree Road,
a portion of Lafayette Road,
a portion of South Street,
a portion of Obery Street,
and a portion of Center Hill Road

The motion PASSED unanimously.

ARTICLE 38: Mr. Maloney moved that the Town vote to establish a Permanent West Plymouth Steering Committee for purposes including implementing the recommendations outlined in the West Plymouth Master Plan. The Committee is to be advisory in nature and its primary function to assist in the implementation of the West Plymouth Master Plan, and to advocate for the needs of the area.

Membership of the committee shall be seven (7) members appointed for three year overlapping terms, as follows:

Six (6) appointed by the Planning Board One (1) appointed by the Board of Selectmen

Any Town Meeting members who live within the defined West Plymouth Village Service area who are not appointed to the committee shall be non-voting "exofficio" members.

The Planning Board shall appoint a temporary Chairman. The Committee shall report annually to the Town, in a written report placed on file with the Town Clerk's Office to be included in the Annual Town Report for the Town of Plymouth.

The motion PASSED.

ARTICLE 39: Mr. Maloney moved that the Town vote to change the purpose for which a portion of municipally owned land is held by the Board of Selectmen, from "general municipal purposes" to "recreational purposes", a 101 acre portion of the land known as Forges Field, located east of Long Pond Road, south east of Jordan Road, west of Route 3 and north of Bump Rock Road and shown on Assessors' Maps 79 and 79A for the purpose of developing recreational athletic playing fields, said land to be developed under the supervision of the Department of Public Works Park Division.

The motion PASSED unanimously.

Hedge School

Mr. Maloney moved that Town Meeting dissolve. The motion PASSED. Annual Town Meeting dissolved at 10:06 P.M.

of

In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at a Special Town Meeting, to meet at the Plymouth North High School on Monday, the Twenty-Seventh Day of June, 1994, at 7:30 PM, to act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to raise and appropriate or transfer a sum of money to be added to funds already appropriated under Article 7 of the 1994 Annual Town Meeting for the purpose of supplementing departmental expenses, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 2: To see if the Town will vote to transfer a sum of money, previously appropriated by Article 9, Item 33 of the 1992 Annual Town Meeting for replacement of boys lockers at Plymouth North High School, for the replacement of boys lockers at both Plymouth North and South High Schools, or take any other action relative thereto.

SCHOOL DEPARTMENT

ARTICLE 3: To see if the Town will vote to transfer a sum of money, previously appropriated by Article 10 of the 1984 Annual Town Meeting for construction of a drainage system at Jesse's Boatyard, to allow the use of said funds for the design of, securing necessary permits for, and construction of said system, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 4: To see if the Town will vote to appropriate a sum of money from available funds as the state's share of the cost of work under Chapter 90, Section 34 (2a) of the Massachusetts General Laws, or take any other action relative thereto. BOARD OF SELECTMEN

said

the

Offi

se

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer a sum of money to construct an animal shelter, or take any other action relative thereto. ANIMAL SHELTER BUILDING COMMITTEE

ARTICLE 6: To see if the Town will vote to authorize the Town of Plymouth to acquire by gift, purchase or other consideration, property located off Long Pond Road, adjacent to Route 3, now or formerly owned by the County of Plymouth, shown as a portion of Lot 2 of Assessors' Map 83, containing approximately five plus acres and associated easements, for municipal purposes, as well as certain land fronting along said portion of Long Pond Road for highway purposes, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 7: To see if the Town will vote to adopt a bylaw pursuant to Massachusetts General Law Chapter 40, Section 22 to allow individuals and entities in addition to those which may be allowed under the Town of Plymouth Traffic Rules and Orders to direct traffic on the streets and ways of Plymouth, or take any other action relative thereto.

BY PETITION: SCOTT SPENCER, et al.

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting a notice thereof fourteen days at least before such meeting in the Town Office Building and in public places in each precinct and make return thereof with your doings thereon at the time and place above mentioned.

Given under our hands this the Ninth Day of June, 1994.

Plymouth, s.s.

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth, qualified to vote in elections and Town affairs, to meet in said Plymouth on Monday, the Twenty-Seventh Day of June, 1994, at 7:30PM, at the Plymouth North High School, by posting copies of this warrant in the Town Office Building and in public places in each precinct.

CONSTABLE Town of Plymouth

Special Town Meeting Minutes

June 27, 1994

The Moderator, F. Steven Triffletti, opened the meeting at 7:30 P.M., on Monday, 27 June 1994 at Plymouth North High School. Cub Scouts Lucas Jesse, David Arruda, Charles Egnor, and Peter Vasquez of Pack 47 Color Guard presented the colors and led the pledge of allegiance. Paul Quin sang the National Anthem and gave the invocation.

Sheriff Peter Flynn and Patricia Lawton, Chairman of the Plymouth County Commissioners presented two checks to the town.

Town Clerk Laurence R. Pizer swore in new members.

The Moderator called the meeting to order at 7:43 P.M. after the Clerk certified to him that a quorum was present.

The Moderator reported that the return of the warrant of the Special Town Meeting showed service to be incomplete.

Mr. Paulding moved that it be resolved that the Board of Selectmen request the Governor to file special legislation with the General Court in the following form:

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same as follows:

Section 1. All acts and proceedings of the special town meeting held in the Town of Plymouth on the twenty seventh of June, nineteen hundred and ninety four are hereby ratified, validated and confirmed, notwithstanding the failure of said town to comply with its charter relative to the posting of the warrant for the meeting.

Section 2. This act shall take effect upon its passage.

The motion PASSED.

ARTICLE 1: Ms. Robitaille moved that the Town vote to appropriate the sum of \$45,350.00 from Free Cash to be added to funds already appropriated under Article 7 of the 1994 Annual Town Meeting for the purpose of supplementing departmental expenses, as follows:

AMOUNT \$350.00	PURPOSE Police Department, Patrol, Personal Services (Uniforms)	Line 0100-210-03-5191-000
\$ 45,000.00	Fire Department, Administration, Purchase of Services (Hazardous Material Removal Services)	Line 0100-220-01-5310-417

The motion PASSED.

ARTICLE 2: Ms. Robitaille moved that the Town vote to change the authorization for the use of funds voted under Article 9, Item 33 of the 1992 Annual Town Meeting to include replacement of lockers at both Plymouth North and South High Schools, said funds to be expended under the supervision of the Plymouth School Department.

The motion PASSED.

ARTICLE 3: Ms. Robitaille moved that the Town vote to change the authorization for the use of funds voted under Article 10 of the 1984 Annual Town Meeting to include designing, permitting, and construction of a drainage system at Jesse's boatyard, said funds to be expended under the supervision of the Town Manager.

Mr. J. Randolph Parker, Jr. moved to amend the main motion to read as follows:

Moved to transfer the sum of \$20,000 previously appropriated by Article 10 of the 1984 Annual Town Meeting to be used for the design and permitting for a drainage system at Jesse's boatyard, said funds to be expended under the supervision of the Town Manager. His motion FAILED.

Mr. Motta moved the previous question. The motion PASSED.

On the main motion, the motion PASSED.

ARTICLE 4: Ms. Robitaille moved that the Town vote to allow the Treasurer, with the Board of Selectmen to borrow in anticipation of reimbursement a sum not to

exceed \$500,000.00 as the state's share of the cost of work under Chapter 90, Section 34 (2a) of the Massachusetts General Laws.

The motion PASSED.

Town Meeting recessed at 9:03 P.M. and returned to order at 9:18 P.M.

Ms. Robitaille moved that in the event Town Meeting is not completed at this session, the adjourned session of this Special Town Meeting be held on Wednesday, June 29, 1994, at 7:30 P.M., at Plymouth North High School.

ARTICLE 5: Ms. Robitaille moved that the Town vote to appropriate the sum of \$165,000.00 from Free Cash to design, construct, equip and furnish an animal shelter, said funds to be expended under the supervision of the Town Manager.

Mr. Allen moved to amend Article 5 to read "A sum of money not to exceed \$100,000 be appropriated to construct an animal shelter."

Mr. Morrison moved the previous question. The motion PASSED.

On the motion to amend, the motion FAILED.

Mr. Brewster moved the previous question. The Moderator ruled that motion PASSED, but his ruling was questioned. On a standing count, the motion FAILED 57 in favor, 36 opposed, not receiving the necessary 2/3 margin.

Mr. Burke moved the previous question. His motion FAILED.

Mr. J. Randolph Parker, Jr., moved the previous question. The motion PASSED.

On the main motion, the motion PASSED.

Mr. McSharry moved to extend Town Meeting beyond 10:30 to complete the last two articles. The motion PASSED.

ARTICLE 6: Ms. Robitaille moved the Town vote to authorize the Town of Plymouth to acquire by gift, property located off Long Pond Road, adjacent to Route 3, now or formerly owned by the County of Plymouth, shown as a portion of Lot 2 of Assessor's Map 83, containing approximately five plus acres and associated easements, for municipal purposes, as well as certain land fronting along said portion of Long Pond Road for highway purposes, substantially as shown on a plan prepared by John W. Delano and Associates, Inc., dated March 14, 1994, along with associated plans for the widening of Long Pond Road, on file with the Town Clerk.

The motion PASSED.

ARTICLE 7: Mrs. Collins moved to adopt a new general bylaw, Chapter 5, Section 24 as follows:

"Notwithstanding any provisions of any rule, regulation, order or by-law to the contrary, control of traffic at the site of any construction or maintenance of any road, utility, or other physical property in, on, or under any public way or way commonly used by the public, shall be under the direction of the Direction of the Department of Public Works of the Town.

The Town is authorized to employ any person or entity which the director, in his sole discretion, deems capable of directing and regulating motor vehicle and pedestrian traffic pursuant to procedures set forth in the Manual on Uniform Traffic Control Devices. The Department is further authorized to contract for said services in accordance with applicable public bidding laws. However, no person or entity shall be employed or contracted to direct traffic on any way in the Town until the director has certified that the person or entity is qualified as hereinbefore stated.

A public utility or entity performing construction or maintenance of any road, utility, or other physical property, in, on, or under any public way commonly used by the public, may employ persons or entities to direct and control traffic around such construction or maintenance site, subject to certification by the Director that the person or entity is qualified to direct traffic.

Anything hereinbefore notwithstanding any Police Officer shall be deemed qualified to direct and regulate traffic under all circumstances."

Town Meeting recessed at 11:20 P.M. and returned to order at 11:35 P.M.

Mr. Maloney moved the previous question. The motion PASSED.

Mrs. Collins moved to fix the method of voting by secret ballot. Her motion FAILED.

Mr. Parker moved to fix the method of voting by roll call. Mr. Carll moved the previous question. Mr. Carll's motion PASSED. Mr. Parker's motion FAILED.

The main motion FAILED.

Ms. Robitaille moved to dissolve Special Town Meeting at 12:09 A.M. Her motion PASSED.

Special Town Meeting Warrant

November 1, 1994

To any of the constables of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at a Special Town Meeting, to meet at the Plymouth North High School on Tuesday, the First Day of November, 1994, at 7:30PM, to act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to raise, appropriate or transfer a sum of money to be added to funds already appropriated under Article 7 of the 1994 Annual Town Meeting for the purpose of supplementing departmental expenses, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 2: To see if the Town will vote to raise, appropriate or transfer a sum of money for the maintenance of private roads, or take any other action relative thereto. BOARD OF SELECTMEN

ARTICLE 3: To see if the Town will vote to transfer the unexpended balances from Article 7 of the April 4, 1987 Special Town Meeting and Article 8 of the June 24, 1991 Special Town Meeting for the purpose of design, construction or furnishing of new schools under the authority of the Permanent School Building Committee, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 4: To see if the Town will vote to appropriate a sum of money for constructing, originally equipping and furnishing a new middle school; to determine whether this appropriation shall be raised by borrowing or otherwise, or take any other action relative thereto.

PERMANENT SCHOOL BUILDING COMMITTEE

ARTICLE 5: To see if the Town will vote to raise, appropriate, transfer or borrow a sum of money to purchase a parcel of land containing approximately 200 acres, owned now or formerly by Digital Equipment Corporation, located off Clark Road and Sandwich Road shown as a portion of Lot 15 on Assessors' Map 77, or take any other action relative thereto.

LAND ACQUISITION COMMITTEE

ARTICLE 6: To see if the Town will vote to raise, appropriate, transfer or borrow a sum of money to purchase a parcel of land containing approximately 186 acres, owned now or formerly by John G. Talcott, Jr., located off Sandwich Road, shown as Lot 6 on Assessors' Map 65, or take any other action relative thereto. LAND ACQUISITION COMMITTEE

ARTICLE 7: To see if the Town will vote to raise, appropriate or transfer a sum of money to make improvements to the Town Office Building for handicapped accessibility, or take any other action relative thereto.

TOWN HALL STUDY COMMITTEE

ARTICLE 8: To see if the Town will vote to raise, appropriate or transfer a sum of money to design the renovations to the Town Office Building, or take any other action relative thereto.

TOWN HALL STUDY COMMITTEE

ARTICLE 9: To see if the Town will vote to raise, appropriate, transfer or borrow a sum of money to design, construct and originally equip a new Cedarville Fire Station and Training Facility on a portion of the town-owned land shown as Lot 21 on Assessors' Map 55, or take any other action relative thereto.

FIRE STATION BUILDING AND RENOVATION COMMITTEE

ARTICLE 10: To see if the Town will vote to appropriate a sum of money from available funds as the state's share of the cost of work under Chapter 90, Section 34 (2a) of the Massachusetts General Laws, or take any other action relative thereto. BOARD OF SELECTMEN

ARTICLE 11: To see if the Town will vote to authorize the Board of Selectmen to dispose of town-owned property on Howland Street

shown as Lot 132 of Assessors' Map 17, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 12: To see if the Town will vote to amend Section 400.02 of the Zoning Bylaws of the Town of Plymouth by amending the official zoning map #1, Plymouth Quadrant, and described as the land lying on the southerly side of Samoset Street (Route 44) and west of Pilgrim Hill Road and shown as Lots 6-5, 21A, 22B and 22C on Assessors' Map 101, from R20MD (Residential Mixed Density) to AC (Arterial Commercial), or take any other action relative thereto.

PLYMOUTH DEVELOPMENT AND INDUSTRIAL COMMISSION

ARTICLE 13: To see if the Town will vote to amend its Bylaws, Article 27, "Wetlands Protection" and the associated Wetlands Protection Regulations as they relate to the purposes and procedures of the coastal beach nourishment requirement, or take any other action relative thereto.

CONSERVATION COMMISSION

ARTICLE 14: To see if the town will vote to amend the Town of Plymouth Bylaws, Article 10 - "Regulations Pertaining to Ponds," Section 10.3 - "Headway Speed - Regulations" as it relates to the time prescribed therein, or take any other action relative thereto.

TEMPORARY GREAT HERRING POND BOATING BYLAW COMMITTEE

ARTICLE 15: To see if the Town will vote to authorize the Board of Selectmen to grant, insofar as they have the right to do so, to Commonwealth Electric Company and NYNEX, their successors and assigns as tenant in common, or any licensee from either of them (hereinafter called the Grantees) the perpetual right and easement to locate, relocate, erect, construct, reconstruct, operate, maintain, patrol, inspect, repair, replace, alter, change the location of, remove one or more lines for the transmission and/or distribution of electricity for light, heat, and/or power and/or one or more lines for the transmission and/or distribution of intelligence by electricity or otherwise, and all necessary and proper wires, cables, conductors, terminals,

insulators, fittings, poles, crossarms, guys, braces, anchors, supports, street light standards and fixtures and other apparatus, equipment and fixtures deemed necessary for the purposes specified above, under, above, along, upon, under and over that certain parcel of town-owned land being shown on Assessors' Map 18, Lot 43, Mayflower Place. For Grantors title, see deed dated June 18, 1913, Book 1159, Page 34 recorded with the Plymouth County Registry of Deeds, or take any other action relative thereto.

Plymouth, ss.

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth, qualified to vote in elections and Town affairs, to meet in said Plymouth on Monday, the First Day of November, 1994, at 7:30PM, at the Plymouth North High School, by posting copies of this warrant in the Town Office Building and in a public place in each precinct.

TOWN CLERK

Special Town Meeting Minutes

November 1, 1994

The Moderator, F. Steven Triffletti, opened the meeting at 7:30 P.M., on Tuesday, 1 November 1994, at Plymouth North High School. American Legion Post 40, Disabled American Veterans Chapter 72, and Veterans of Foreign Wars Post 1822 presented the colors and led the pledge of allegiance. The Chamber Singers from Plymouth North High School and Plymouth South High School sang the National Anthem. Michael R. Leduc, Minister of First Parish of Plymouth gave the invocation.

The Town Clerk swore in five Town Meeting members. At 7:38 P.M., Mr. Pizer, the Town Clerk, certified a quorum, and the Moderator called the meeting to order. The Moderator found the Call to Meeting to be in order and with permission of Town Meeting Members dispensed with the reading of the call of the meeting, the officers' return of service, and the reading of the articles of the Warrant.

ARTICLE 1: Mr. Sanguinet moved that the Town vote to raise and appropriate the sum of \$36,100; appropriate the sum of \$31,900 from Free Cash; transfer the sum of \$34,000 from the Pension Budget; and transfer the sum of \$2,536 from the Capital Reserve of Unexpended Balances to be added to funds already appropriated under Article 7 of the 1994 Annual Town Meeting for the purpose of supplementing departmental expenses, as shown on the spreadsheet entitled "Article One - November 1, 1994 Special Town Meeting", dated October 21, 1994.

The motion PASSED.

ARTICLE 2: Mr. Sanguinet moved that the Town vote to appropriate the sum of \$100,000 from Free Cash for the maintenance of private roads, said funds to be expended under the supervision of the Town Manager.

Mr. Paulding moved to amend Mr. Sanguinet's motion by substituting the sum of \$170,000.

Mr. Brewster moved the previous question. The motion PASSED.

On Mr. Paulding's motion, the motion PASSED.

Mr. Collins moved to amend by substituting the sum of \$461,000.

Mr. Cotti moved the previous question. The motion PASSED.

Mr. Collins's motion to amend FAILED.

Mr. McSharry moved to amend by adding "or rebuilding" after "maintenance."

The Moderator called a recess at 9:27 P.M.

The Moderator called Town Meeting to order at 9:43 P.M.

The Clerk, Mr. Pizer, spoke to Town Meeting concerning the process for the upcoming town and state elections.

Mr. Triffletti ruled Mr. McSharry's motion to amend out of order as out of the scope of the article.

Mr. Shirley moved the previous question. The motion PASSED.

On the main motion, the motion PASSED.

Mr. Sanguinet moved that adjourned sessions of this town meeting be held on November 2, 1994 at 7:30 P.M. at Plymouth North High School, and on November 3, 1994 at 7:30 P.M. at Plymouth North High School. The motion PASSED.

ARTICLE 3: Mr. Sanguinet moved that the Town vote to transfer the unexpended balance of \$49,921.87 from Article 7 of the April 4, 1987 Special Town Meeting, and the unexpended balance of \$25,000.00 from Article 8 of the June 24, 1991 Special Town Meeting for the purpose of obtaining designs, scale drawings, plans, and facilitating application to Government, Environment and Support Services for reimbursement of construction costs of a new middle school; provided however that the Town votes to exempt from the limitation on total taxes imposed by G. L. C 49, §21C (Proposition 2 1/2) the amounts required to pay the principal of and interest on the construction of said school and further, should the vote on exemption of debt as described above, not pass, the transferred appropriations may be used to obtain plans and designs for solutions to resolve school space needs, said funds to be expended under the authority of the Permanent School Building Committee.

The motion PASSED.

sum

ARTICLE 4: Mr. Sanguinet moved that the Town vote to appropriate the sum of \$20,800,000.00 for constructing, originally equipping and furnishing a new middle school; that to meet this appropriation, the Treasurer with the approval of the Selectmen is authorized to borrow \$20,800,000 under G.L. c. 44, §7(3) or Chapter 645 of the Acts of 1948 as amended; that the Permanent School Building Committee is authorized to take any other action necessary to carry out this project; and that pursuant to G.L. c. 44, §19 all or any portion of the borrowing authorized under Chapter 645 of the Acts of 1948 may be issued on a level debt service basis as determined by the Treasurer, with the approval of the Board of Selectmen; and provided further that this vote shall not take effect until the Town votes to exempt from the limitation on total taxes imposed by G.L. c.49, §21C (Proposition 2·1/2) amounts required to pay the principal of and interest on the borrowing authorized by this vote.

72 voting in favor, 18 voting in opposition, 2 abstaining, the motion received the necessary 2/3 majority and PASSED.

Mr. Sanguinet moved that this session be adjourned until 2 November 1994 at 7:30 P.M. Town Meeting adjourned at 10:52 P.M.

Special Town Meeting Minutes

November 2, 1994

The moderator opened the meeting at 7:30 P.M. Mr. Pizer informed him that a quorum was present, and he called the meeting to order at 7:30 P.M.

Mr. George Parker moved to create a standing rule that no member may move the previous question after speaking on an article without being recognized again. The motion PASSED.

ARTICLE 5: Ms. Chaffee moves that the Town vote to acquire a parcel of land containing approximately 200 acres, owned now or formerly by Digital Equipment Corporation, located off Clark Road and Sandwich Road shown as a portion of Lot 15 on Assessors' Map 77, and for that purpose, to appropriate the sum of \$1,200,000 from Free Cash. Custody of said parcel shall be placed with the Board of Selectmen for general municipal purposes.

Mr. Healey moved the previous question. The motion PASSED.

On the main motion, 52 persons voted in favor, 32 voted in opposition. The motion FAILED for lack of a 2/3 majority.

ARTICLE 6: Mr. Sanguinet moved that the Town vote to acquire a parcel of land containing approximately 186 acres, owned now or formerly by John G. Talcott, Jr., located off Sandwich Road, shown as Lot 6 on Assessors' Map 65, and for that purpose, to appropriate the sum of \$525,000.00 from Free Cash. Custody of said parcel shall be placed with the Board of Selectmen for general municipal purposes.

Mr. Carll moved the previous question. The motion PASSED.

On the main motion, 69 voting in favor, 13 voting in opposition, the motion received the necessary 2/3 majority, and PASSED.

ARTICLE 7: Mr. Sanguinet moved that the Town vote to appropriate the sum of \$20,000 from Free Cash to make improvements to the Town Office Building for handicapped accessibility, said funds to be expended under the supervision of the Town Manager.

Mr. Brennan moved the previous question. The motion PASSED.

The moderator called a recess at 9:18 P.M.

The moderator returned Town Meeting to order at 9:35 P.M.

ARTICLE 8: Mr. Sanguinet moved that the Town vote to appropriate the sum of \$80,000 from Free Cash to design the renovations to the Town Office Building, said funds to be expended under the supervision of the Town Manager.

Mrs. Hayden moved the previous question. The motion PASSED.

The main motion PASSED.

ARTICLE 9: There was no motion. Town Meeting took no action.

Mr. Carll moved to reconsider Article 5.

Mr. Carll moved the previous question. The motion PASSED.

On Mr. Carll's motion to reconsider, the motion PASSED.

Mr. Skelly questioned the vote. On a standing vote on the motion to reconsider, 46 voted in favor, 39 voted in opposition, so the motion PASSED.

Mr. Allen moved the previous question. The motion FAILED.

Mr. Lombard moved the previous question. The motion PASSED.

On Article 5, 53 voting in favor, 33 voting in opposition, the motion FAILED for lack of a 2/3 majority.

Mr. Sanguinet moved to adjourn this session. The motion PASSED. Town Meeting adjourned at 11:02 P.M.

Special Town Meeting Minutes

November 3, 1994

The moderator opened the meeting at 7:30 P.M. Following a roll call, Mr. Pizer informed him that a quorum was present at 7:38 P.M., and he called the meeting to order.

Mrs. Sawyer moved to reconsider Article 5. On a vote of 30 in favor, 38 in opposition, her motion FAILED.

ARTICLE 10: Mr. Mulcahy moved that the Town vote to rescind the action taken under Article 4 of the June 27, 1994 Special Town Meeting which authorized temporary borrowing in anticipation of reimbursement, and further Mr. Mulcahy moved that the Town vote to appropriate the sum of \$960,633 from available funds as the State's share of the cost of work under Chapter 85 of the Acts of 1994.

The motion PASSED.

ARTICLE 11: Mr. Mulcahy moved that the Town vote to transfer the custody of town-owned property on Howland Street, shown as Lot 132 of Assessors' Map 17, from the Board of Selectmen for general municipal purposes, to the Board of Selectmen for the purpose of sale and further, Mr. Mulcahy moved that the Town authorize the Board of Selectmen to sell said property shown as Lot 132 of Assessors' Map 17, for a sum and upon conditions to be determined by the Board of Selectmen.

The motion PASSED unanimously.

ARTICLE 12: There was no motion. Town meeting took no action.

ARTICLE 13: Mr. Mulcahy moved that the Town vote to amend its Bylaws, Article 27, "Wetlands Protection" and the associated Wetlands Protection Regulations as they relate to the purposes and procedures of the coastal beach nourishment requirement, by rescinding action previously taken under Article 29 of the 1994 Annual Town Meeting so as to delete Section XIII, "Coastal Beach Nourishment Requirement" in its entirety.

The motion PASSED.

ARTICLE 14: Mr. Mulcahy moved that the Town vote to amend the Town of Plymouth Bylaws, Article 10 - "Regulations Pertaining to Ponds," Section 10.3 - "Headway Speed - Regulations" as it relates to the time prescribed therein by inserting, after the words "headway speed.", the following:

"with the exception of Great Herring Pond. On this Great Pond, motor boats are restricted to headway speed between the hours of 7:30 PM and 9:00 AM seven days a week."

and further, Mr. Mulcahy moved that the Town vote to discharge the (Temporary) Great Herring Pond Boating Bylaw Committee established under Article 10 of the April 2, 1994 Special Town Meeting.

Mr. Lee moved to amend the main motion by replacing "7:30 P.M." with "sunset or 7:30 P.M."

The motion PASSED.

On the main motion, the motion PASSED.

ARTICLE 15: Mr. Mulcahy moved that the Town vote to transfer the care, custody, management and control of the town-owned property described herein currently in the custody of the Board of Selectmen for general purposes, to the Board of Selectmen for the purposes of granting a perpetual right and easement, as described hereafter, to Commonwealth Electric Company and NYNEX, their successors and assigns and insofar as they have the right to do so, to Commonwealth Electric Company and NYNEX, their successors and assigns as tenant in common, or any licensee from either of them (hereinafter called the Grantees) the perpetual right and easement to locate, relocate, erect, construct, reconstruct, operate, maintain, patrol, inspect, repair, replace, alter, change the location of, remove one or more lines for the transmission and/or distribution of electricity for light, heat, and/or power and/or one or more lines for the transmission and/or distribution of intelligence by electricity or otherwise, and all necessary and proper wires, cables, conductors, terminals, insulators, fittings, poles, crossarms, guys, braces, anchors, supports, street light standards and fixtures and other apparatus, equipment and fixtures deemed necessary for the purposes specified above, under, above, along, upon, under and over that certain parcel of town-owned land being shown on Assessors' Map 18, Lot 43, Mayflower Place. For Grantors title, see deed dated June 18, 1913, Book 1159, Page 34 recorded with the Plymouth County Registry of Deeds.

The motion PASSED.

ARTICLE 16: Mr. J. Randolph Parker, Jr. moved that the Town amend its Town bylaws by adding to Article 5, *Public Ways and Places*, after Section 5.23, a new section, 5.24, to be entitled *Traffic Control at Construction Sites*, as follows:

Section 1: Definition. As used in this bylaw the following words shall, unless the context requires otherwise, have the following meanings:-

"Company" any natural person, business, partnership, corporation or other organization, entity or group of individuals including public service corporations, cable companies and other utility companies, licensed to do business in the Commonwealth of Massachusetts.

"Flagman" any natural person, business, partnership, or corporation, the individuals of which are certified under the Manual of Uniform Traffic Control Devices (MUTCD) to control the flow of traffic along streets.

"Police Chief" the police chief of the Town of Plymouth.

"Street" any public way, town way, private way or way to which the public has a right of access in the Town of Plymouth.

Section 2: Notwithstanding any provision of any rule, regulation, order or bylaw to the contrary, any Company authorized to construct, maintain or make repairs in, over or under any street including construction, repairs or maintenance to utilities along, under or through such streets may employ flagmen to direct and control traffic around such construction or maintenance site as long as such will not impact or otherwise compromise public safety.

Section 3: The Police Chief is authorized to interpret this bylaw in conjunction with other town bylaws affecting traffic and its control and flow including public safety requirements.

The moderator called a recess at 9:22 P.M.

The moderator returned the meeting to order at 9:39 P.M.

Mr. George Parker questioned the quorum. 71 Town Meeting Members answered a roll call, indicating the presence of a quorum.

Mr. Bernat called the previous question. The motion PASSED.

On the main motion, the moderator declared the motion to pass. Mr. George Parker questioned the vote. 34 voting in favor, 34 voting in opposition, 3 persons abstaining, the Moderator abstained. The motion FAILED.

Mr. Mulcahy moved to dissolve Special Town Meeting. The motion PASSED. Town Meeting dissolved at 9:50 P.M.

BOARD OF SELECTMEN

The Board of Selectmen hereby submits its annual report for the year 1994. During the past year, the composition of the Board changed with new Board member Brian Alosi being elected to fill the position vacated when William Nolan chose not to run for reelection. At the Board's annual reorganization, Peter Paulding was elected Chairman, while Eugene Lane was elected Vice Chairman.

During its annual goal setting process, the Board established as its highest goal the stabilization of the tax burden in the community. In an effort to bring about that goal, the Board adopted a policy prior to the 1994 Annual Town Meeting that no utilization of the Proposition Two and One-Half allowance should be used in Fiscal 1995. In addition, the Board adopted the recommendation of the Town Manager and Director of Finance to pay off the so-called "teacher pay deferral deficit" in Fiscal 1995, a very important step for the sake of the town's long-term financial condition. In preparation for the Fiscal 1996 budget review process, the Board again adopted a policy of no use to the tax levy allowance.

Economic development remained a very high priority of the Board of Selectmen in 1994. The Board was very involved in projects such as Wal-Mart, K-Mart and the proposed casino for Cordage Park. The Board worked with local and state officials to establish additional wastewater flow of 50,000 gallons per day for residential, commercial, industrial and government needs.

In addition to this incremental increase in wastewater flow, the Town continued to study its long-term wastewater needs for the next twenty years. Through the advice of its consultant, Camp, Dresser & McKee, and the town's Citizens Advisory Board, the Board made a critical decision on design flows of 3 million gallons per day for the twenty year planning period. This reduced demand coupled with the town's desire to continue use of the existing wastewater outfall in Plymouth Harbor will result in a greatly reduced cost for the upgraded municipal system.

An important issue that arose in 1994 was the conceptual plans for waterfront and Pilgrim Memorial Park developed by the Massachusetts Department of Environmental Management. The Board has pledged to work closely with DEM and local residents and officials as this project proceeds to insure the interests of the community are factored into every aspect of this ambitious project.

In closing, the Board of Selectmen wishes to thank all the elected officials, appointed officials and volunteers who contribute their time, energy and expertise to this special community.

TOWN MANAGER'S OFFICE

The report of the Town Manager's Office for calendar 1994 is respectfully submitted to the citizens of Plymouth. As developed by the employees of the Town Manager's Office, the mission of the department is as follows:

MISSION STATEMENT

The mission of the Town Manager's Office is to implement the provisions of the town charter through effective leadership and management; to provide administrative support to the Board of Selectmen; to resolve issues of concern to taxpayers and other customers; to provide accurate and timely information to the public and town departments, and to procure goods and services on behalf of the town in an efficient and impartial manner. To carry out its mission, the employees of the Town Manager's Office will always act in a professional, courteous and non-political manner; shall work as a cohesive and loyal team, and shall serve as an example for all town departments in matters relating to customer service, ethics and commitment to public service.

During 1994, the Town Manager and his staff devoted considerable time to issues relating to town finances, wastewater planning, public facilities and continuous quality improvement.

In the area of town finances, several key events took place. Pursuant to the policy of the Board of Selectmen, the Fiscal Year 1995 budget was adopted without the utilization of any of the Proposition Two and One-Half levy allowance. That policy was then adopted by the Board of Selectmen for Fiscal 1996. This finance plan has resulted in a stabilization of the tax burden for taxpayers, a major goal of the Board of Selectmen. During 1994, the town continued to improve its cash management and cash reserve position. No borrowing in anticipation of revenue took place in 1994 and the town's certified Free Cash peaked at over \$4 million. During 1994, the Town received a bond rating from Moody's Investors Service of A1, the same rating offered in 1992 and 1993. The town will continue to seek an upgrading of the bond rating to reflect the improvements in our financial systems and overall condition.

The issue of wastewater treatment and disposal continued in 1994 to be of prime concern to the Town Manager and his staff. Based upon a renegotiation of the wastewater court decree with the Attorney General and Department of Environmental Protection, the town entered into Phase IIIA of the wastewater planning process. During that phase, the town's consultant, Camp, Dresser & McKee, reexamined wastewater flow projections, increased the number of potential treatment

and disposal sites to be evaluated, and continued to study innovative technologies. Based upon revised flow estimates, it would appear the magnitude and cost of the wastewater project will be significantly less than originally projected. In addition, the town in 1994 sought and received approval of a 50,000 gallon per day "sewer bank" from the Department of Environmental Protection. The sewer bank, which offers a limited amount of additional sewer capacity for residential, commercial, industrial and government use, became available due to tie-in of the new county correctional facility to the town's wastewater system.

During 1994, a number of projects involving present and future public facilities required the attention of the Town Manager and his staff. Those projects included the purchase of the "Ryder Building" for use by the Department of Public Works, the design and construction of the new police station on Long Pond Road, the design of the new animal shelter in Cedarville, the design of renovations to the town office building, and the construction of a new water tank in Cedarville.

The town continued in 1994 to implement the principles and practices of total quality management. Several teams of employees work diligently to improve the public facilities sticker issuance process, the process to acquire and dispose of land, the town's employees training program and the employee activity program. The town also continued its efforts to make its services more customer friendly and to provide to the taxpayers lasting value for the their tax dollars.

In closing, the Town Manager and Assistant Town Manager thank their staff and all town employees for their dedication, commitment and expertise over the past year. A thank you is also due the Board of Selectmen for their leadership and guidance.

TOWN CLERK

MISSION STATEMENT

The mission of the Plymouth Town Clerk's Department is to maintain and produce the records of the Town of Plymouth and to provide copies of them for internal and external use. Also, it serves the public by directing them to appropriate offices within town government through the switchboard and mail services. It works closely with the Board of Voting Registrars to maintain lists of town residents and to conduct elections.

The Clerk's office seeks to combine honesty, efficiency, and a pleasant demeanor in conducting its work to serve constituencies in the present and former citizens of Plymouth, the other offices of town government, offices in county, state and national government, and researchers around the world.

The Town Clerk's Office capped two and a half years of work with the town census of 1994. Staff updated addresses for each town resident to meet the standards of Enhanced 911 service with assistance from the Town Engineer's Office and the Assessing Department. A four month project by Constance Finnegan eliminated hundreds of duplicate entries and matched computer records with hard copy. Finally, a drop list of over 9,600 names pared the voting list to an accurate group. The work of Shannon LaFrance, a student from Plymouth South High School on the cooperative program was outstanding in entering the data for the census.

With information on dog licenses on computer the Clerk's staff initiated a mail renewal program. Using lists of dogs from the town census and lists from area veterinarians, the office nearly doubled the number of licenses from 1993.

The multi-year project of improving the town archives received some attention as disposal of unnecessary records identified by the State Public Records Office proceeded with the assistance of department heads. The beginning of a computerized catalog for the Archives took shape.

The Clerk's Office contracted for the deacidification and rebinding of the town's oldest records. Both vital records and town meeting records received attention.

DEPARTMENT OF FINANCE

MISSION STATEMENT

The Plymouth Department of Finance is a network of specialized financial units staffed by professionals who simultaneously provide an array of fiscal services to a broadly diverse group of individuals and organizations. The Finance Department's mission is to create an environment that provides the vision, unity and spirit which is necessary to allow each unique member of every division to surpass the professional and personal boundaries established within both their respective units' mission statement and the overall mission of the town.

As you will see from the following reports, the Department of Finance has completed a year during which each of the five unique divisions has experienced new levels of achievement in the pursuit of their individual missions.

In addition to the many individual accomplishments achieved by the divisions over the past year, the Department of Finance has been able to bring the energies of various divisions and departments together in order to complete several major projects.

During the year, the Department of Finance continued to improve the methods of collecting revenues due to the town. The efforts of the Collection Division, the Data Processing Division and the Treasury Division resulted in a Fiscal '94 year end revenue surplus (Free Cash) that was in excess of \$4,000,000. Additionally, both the water and sewer operations posted revenues in excess of expenditures. In conjunction with the improved utility rate setting, billing and collecting activity, the successful effort to establish a Sewer Enterprise Fund at the April Annual Town Meeting has resulted in the establishment of the first surplus position within the sewer fund.

The Department of Finance organized and held the town's second annual auction to sell off surplus property obtained through the tax foreclosure process. The combined efforts of the Assessing Division, Data Processing Division and Treasury Division were used to accomplish this project.

This last year saw the dissolution of the Plymouth-Carver Regional School District. This action resulted in the merging of two former governmental units into one. Outstanding efforts by the Accounting Division and the Treasury Division in conjunction with the School Department resulted in a very smooth transition from two corporate identities into one.

Over the past several years, the Town Meeting has authorized the use of bonded indebtedness for several large capital projects. This past year the Department of Finance issued several temporary notes and one bond. In order to finance the third phase of the sewer facility planning process, the town has secured a low interest note from the Massachusetts Water Pollution Abatement Trust. The use of this state funding agency resulted in a considerable interest savings for the Plymouth taxpayers and the sewer rate payers. The Accounting and Treasury Divisions come together in order to complete this transaction.

The town's bond was sold through conventional municipal finance methods. Within this bond, the town financed several water projects, the new DPW facility and a portion of the new police facility. Given the increasing interest rate environment of 1994, bond issuance plans were modified. The bond sale date was rescheduled from the winter of 1995 to the fall of 1994. In addition to all of the work normally performed during the summer, which is mainly work associated with the conclusion of one fiscal year and the commencement of a new one, the extra efforts of the Accounting Division and the Treasury Division allowed the town to borrow at a point in time prior to several federal actions which adversely influenced interest rates.

Just as the year was coming to a close, the Department released a Five Year Data Processing Master Plan. The project has extended over a year and the project team assisting with the preparation of the report included members of the Department of Finance, the Fire Department, the Police Department and the School Department. The recommendations contained within the report have been incorporated into the Town's new five year capital improvement plan.

Presently, the Department of Finance looks forward to another new year and enthusiastically anticipates achieving new levels of excellence. The Department wishes to thank all of those individuals and organizations that have helped carry out its mission over the past year.

Accounting Division

MISSION STATEMENT

The mission of the Accounting Division of the Department of Finance is to provide accurate accounting services to the Town's employees and outside vendors in a timely and efficient manner; to treat employees and vendors with respect, thereby establishing a cooperative and friendly atmosphere; and to provide a reliable informational resource to fellow employees and the community at large.

1994 was every bit the challenge it was expected to be. It was, among other things, the first full year after the dissolution of the Plymouth-Carver Regional School District.

The Accounting Division processed over 17,000 invoices and nearly 30,000 payroll checks during 1994. The Town's General Ledger also grew by approximately twelve funds. All of the above reflect the increased volumes due to the dissolution of the Regional School District.

During 1994, Town Meeting authorized an additional position to be added to the Accounting division. This allowed the office more flexibility as well as staff to handle the ever increasing workload. This year Kathleen Mahoney was promoted to Payroll Administrator, responsible for the oversight of the Town's payroll processing. Anne Borghesani joined the staff in an all-important support role and contributed to the operation of the office.

ANNUAL DATA FOR FY94

In order to comply with MGL Ch41, s50 following is June 30, 1994 Reconciliation of Treasurer's Cash.

In order to comply with MGL Ch41, s53 following is June 30, 1994 Town of Plymouth Trust Fund Combined Balance Sheets for the Expendable and Non-Expendable Trust Funds. Also provided is a Statement of Revenues, Expenditures & Changes in Trust Fund Balances.

In order to comply with MGL Ch41, s58 and MGL Ch41, s61 the following financial statements are provided:

June 30, 1994 Combined Balance Sheet,

June 30, 1994 Combined Statement of Revenues, Expenditures and Transfers with changes in Fund Balance,

June 30, 1994 Summary Statement of Revenues, Expenditures and Transfers Budget and Actual - General Fund,

June 30, 1994 Statement of Revenues, Expenditures and Transfers for all budgetary items,

FY 1994 State & Local Revenue Summary - Budget and Actual,

FY 1994 Schedule of Federal Financial Assistance.

June 30, 1994 Schedule of Real Estate, Personal Property and Excises,

June 30, 1994 Schedule of Fixed and Funded Debt with FY 1994 activity.

June 30, 1994 Schedule of Authorized and Unissued Debt with FY 1994 activity,

June 30, 1994 Summary of Available Borrowing Capacity.

Detailed documentation relating to any of the summary data provided herein as well as copies of the FY 1994 audit are available at the Accounting Division office located in the Plymouth Town Office Building.

General — Inside Debt Limit \$2,925,000
Water — Outside Debt Limit \$1,184,000

Equals:

Available Borrowing Capacity, June 30, 1994:

Inside Debt Limit \$141,812,550
Outside Debt Limit \$349,781,300

Assessing Division

MISSION STATEMENT

The mission of the Assessing Division is to value all property fairly and equitably; to educate our customers about the rules and regulations which we must abide by; to work as a team; to treat all customers the same, with professionalism and respect and to make the Assessing Division the best managed division in the Town of Plymouth.

The 4th quarter FY94 tax bills were mailed on March 31, 1994. The payments were due on April 2, 1994.

Several personnel changes were made. Michael Flynn left to become the Principal Assessor in Framingham. Anne Dunn, Assistant Assessor, has been on maternity leave since September 26, 1994. Carolyn Colligan, Lister/Inspector, resigned to pursue a new career at home. Cheryl Pierce, Senior Clerk, left for motherhood and part-time employment in the Data Processing Division. Marie Nugent was hired to fill the Senior Clerk position. Karen Kolbinsky was hired to fill the Lister/Inspector position. Marcia Britto, Senior Clerk, transferred to the Building Department. Dorothy Bishop was a temporary employee during 1994 and has been hired to fill the Senior Clerk position beginning January 4, 1995.

The Board of Assessors had some changes as well. Nancy Cole Eidsvig and Corinne McDonnell resigned. Their appointments were filled by Christopher Bean in March and Kathleen Talbot in April.

The first quarter FY95 tax bill was sent on July 1, 1994. The payments were due on August 1, 1994.

The Division continues its cyclical recollection program, started in 1993, to verify the quality of the residential property data. A letter is sent to all residential property owners within a certain map informing them that someone from the Assessing Division will be doing inspections in the area. This person has an identification card. Appointments can be scheduled.

The Division continues to try to make information more readily available. Currently, street listing books are available. Also, copies of the property record for each valid single-family sale is available at the counter. A future possibility would be a terminal at the counter for customers to access data.

The second quarter FY95 tax bill was sent on October 1, 1994. The payments were due on November 1, 1994.

On November 22, 1994 the Assessing Division, under the direction of Michael Daley, Finance Director, held a Classification Workshop with the Board of Selectmen. The purpose was to present data concerning the effects of the tax classification on residential and commercial taxpayers.

The Classification Hearing with the Board of Selectmen was held on November 29, 1994. At this public hearing the Board voted to retain a uniform tax rate.

Professionally, the staff continued to increase its expertise in the Assessing field. Ellen Blanchard passed Course 1, Fundamentals of Real Property Appraisal and Course 2, Income Approach to Valuation.

The 3rd quarter FY95 actual bill was mailed on December 28, 1994. The deadline for filing abatement applications is January 26, 1995. Payments are due by February 1, 1995.

Collection Division

MISSION STATEMENT

The Collection Division is responsible for collecting real estate, personal property and excise taxes as well as fees for water and sewer use, trailer park usage, municipal lien certificates and in lieu of tax payments due the Town. The office is also responsible for the sale of all municipal stickers. It is the mission of this office to serve the public in a professional manner while maintaining the important cash flow to the town. This office tries to understand the problems that confront the taxpayer and offers solutions to help them cope with these problems. Through the use of total quality management tools, the division tries to minimize stress in the office and provide a friendly atmosphere to the Plymouth taxpayer.

The Collection Division's continuing effort of improving collection contributed greatly to the overall Town revenues generated to meet budget expectations. Revenue goals were set for fiscal 1994 by the Director of Finance at levels that were realistic and necessary in order for the Town to maintain its budget expectations. By the end of fiscal 1994 the Collection Division exceeded these goals and was a major contributor to the Town's certified "free cash" of \$4,383,505.

Current year (fiscal 1994) real estate and personal property taxes were collected at 100.21% of goal. Prior year taxes (delinquencies) are collected jointly with the Treasury Division and they were collected at 125.78% of goal. Water and Sewer taxes were collected at 112.08% and 100.45% of goal respectively. It is expected that future goals will be set to reflect higher expectations of collecting the current year's taxes and less reliance on prior year taxes as the volume of delinquencies continues to diminish.

The Collection Division is approaching the process of placing liens on delinquent properties at the minimum times allowed within the statutes. This accelerated process aids both the Town and the delinquent taxpayer. The taxpayer is informed sooner of the delinquency which affords them the opportunity to pay a smaller past due amount and eliminates the additional penalties and legal costs which are added to the lien. The Town benefits with an increased cash flow and a decrease in the overall amount of taxes in delinquency.

Data Processing Division

MISSION STATEMENT

The mission of the Data Processing Department of Plymouth is to provide technical computer service to town personnel in order to maintain data integrity, to promote computer literacy to town personnel through support, training and knowledge; to evolve as a team player to all departments with an open communication policy; to efficiently and effectively utilize all resources with regard to computer hardware and software to benefit the Town of Plymouth.

In July, Cheryl Pierce transferred from the Assessors' Office, replacing Corinne McDonald in the position of Account Clerk.

This division continue a to address the needs of the user base. This past fall the division completed an upgrade to the mini computer system. This will result in reduced costs for maintenance of the system and improved response time for the end user.

At the next Annual Town Meeting the department will address needs for the development and implementation of an Office Automation network. This project will result in the town wide adoption of a standardized and licensed software product for word processing, spreadsheet, presentation, graphics, data base, electronic mail, scheduling, document management, and other related applications. This project will include employee training on all of the above applications and an upgrade of the older PC's throughout the system.

The five-year Master Plan for 1996-2000 has been completed and delivered by the town's consultant. This will be a blueprint for future needs for this department.

Lastly the division would like to thank all departments for their continued support of the efforts to improve the quality of the data processing needs of the town.

Treasury Division

MISSION STATEMENT

The Treasury Division of the Department of Finance receives and provides for the custody of the Town's cash with strict consideration to safety, liquidity and earnings. The Treasury banks and reports cash receipts and releases properly authorized funds in a timely manner. The Treasury borrows funds for authorized projects only as needed and at the least possible cost to the Town. The Treasury maintains and pursues the collection of delinquent taxes in a manner that is sensitive to the needs of the individual and the community as a whole. The mission of the Treasury staff is to seek the public's respect through its actions and deeds.

ne

the

the

ect

odinic

UD-

art-

Treasury recorded a total of \$123,342,765.33 of receipts and \$113,266,313.18 of disbursements during fiscal year 1994. A positive cash flow was maintained throughout the fiscal year and the Town enjoyed the advantage of interest income on the investment of the available cash. All of the Town's funds earned interest or dividends unless prohibited by statutory regulation. Additional benefits were experienced with the return of greater stability within the banking industry and a gradual rise in interest rates throughout the fiscal year. A stable banking environment allowed Treasury to begin eliminating collateralized accounts which were originally created to guarantee the security of the Town's cash during the period of uncertainty in the banking industry. Removal of collateralized accounts and their associated costs further enhanced the gain in interest revenue. Treasury policy continues to stress security, liquidity, and yield in this order of priority for the management of cash.

Treasury's consistant and aggressive collection policy brought in \$2,054,668.11 of deliquent taxes during the fiscal year. These taxes represent amounts due for prior years which are liened by the Town Collecter and turned over to the Treasurer for collection or foreclosure.

The Treasurer's office added a clerical staff position during the second half of the fiscal year. This position enabled the office to maintain operating efficiency with the increased volume of vendor and payroll payments made as a result of the dissolution of the Plymouth Carver Regional School District. Additional benefits include implementation of higher investment goals for the Town's cash, enhanced collection efforts, increased use of automation, and more efficient methods of cash control and internal security.

PERSONNEL DEPARTMENT

MISSION STATEMENT

The mission of the Personnel Department is to contribute to the achievement of town-wide objectives by increasing organizational effectiveness. This will be accomplished through the following activities:

Promoting positive employee relations through improved communication and a team approach to resolving issues.

Providing fair and equitable systems for hiring, promotion, compensation and classification, in accordance with state and federal laws, recognized personnel procedures and the collective bargaining agreements.

Providing assistance and advocacy to the employees and retirees for benefit programs that will promote health, safety, and welfare, at a rate responsible to the taxpayer.

Encouraging the continued professional development of staff through the support and coordination of appropriate training programs.

Assisting managers and supervisors in employee relations and contract administration in order to support the provisions of Ch. 150 E and provide a fair, open working environment that encourages team participation.

RECOGNITION

The Personnel Department would like to acknowledge the contributions of the 475 employees representing Fire, Police, Library, DPW, Town Hall and the Court Street Annex, who provide services to the Town of Plymouth. Through their efforts, the programs and processes of government are carried out. To all of our employees, thank you for a job well done. Through the Recognition Committee, 22 employees with over 25 years service to the Town were honored at Town Meeting. Additionally, all employees with over five years with the Town were honored and thanked at recognition ceremonies in the individual departments.

SUMMARY OF ACTIVITIES

During 1994, the Personnel Department continued to provide cost efficient and effective human resource services to 475 Town employees as well as health insurance benefits to an additional 286 retirees and their spouses. Efforts to reduce costs while maintaining services in the areas of benefits administration, workers' compensation, employee relations, employment, and labor relations were

achieved through the implementation of new systems and the continuous monitoring of services.

EMPLOYEE RELATIONS

The Personnel Department has been actively involved in a number of employee relations areas with the goal to increase communication and to promote a fair and open working environment.

- * An open door policy is in place that allows for mediation, advice and advocacy in employee relations. Over 50 managers and employees have sought advice in resolving concerns.
- * The employee newsletter has continued on a monthly basis with an effort to improve communications and involve employees from all departments and locations.

COMPENSATION and CLASSIFICATION

In 1994, the Personnel Department facilitated a Labor-Management Committee which developed new clerical job descriptions and made recommendations for upgradings, redlinings and a new entry level step. Two current job descriptions have been revised and classified.

EMPLOYMENT

During 1994, 43 new permanent employees were hired to replace employees who either terminated or retired from their employment with the Town. Additionally, eighteen employees were either promoted or transferred within the organization and twenty seasonal employees and substitutes were hired. The Personnel Department screened over 600 applications for these positions and was involved in the selection, reference check and benefits review for these positions.

HEALTH INSURANCE

nd

ere

During the year, every step was taken to reduce costs and carefully scrutinize claims under our existing medical plan design. Despite significant constraints set forth by Massachusetts General Law Chapter 32B, collective bargaining agreements and the existing health insurance plan, we continue to monitor claims very closely and at the same time look for innovative ways to reduce health care costs. Some examples of cost savings through monitoring include:

- * \$90,159 stop loss recovery.
- * \$30,216 disputed claims
- * \$60,537 for third party liability recovery.

In addition, the Personnel Department takes an active role in benefits administration. This year, the Department:

- * Re-enrolled 700 employees in Blue Cross in order to have all employees on the new prescription plan.
- * Mediated over 125 employee benefit and claims issues with Blue Cross and the medical provider.

PREVENTATIVE HEALTH CARE PROGRAMS

The town has continued its efforts in the area of providing preventive health care programs to employees through CURA and the Board of Health:

- * Approximately 170 employees were inoculated with flu vaccine.
- * An Indoor Air Quality Survey was conducted at Town Hall by the Department of Health & Human Services.
- * Jordan Hospital presented two community health programs for over 50 employees.
- * Over 25 employees were given release time to attend the Department of Public Health's Osteoporosis Program.

W

MO

10

30

100

in

18

- * Ten public safety employees received the Hepatitis B inoculations as part of an ongoing for program which has served more than 200 employees whose jobs have a high potential for exposure to infectious disease.
- * Employees are given an opportunity on an annual basis to join the Plymouth Athletic Club without an enrollment fee. Almost 100 employees participate.
- * Rabies vaccine was offered to animal and dog control officers.

INJURED ON DUTY (111F) & DISABLED RETIREE (100B) CLAIMS

Massachusetts General Laws require the Town to pay directly for all 111F (police and fire injured-on-duty) and 100B (police and fire injured-on-duty retiree) claims. The Personnel Department continues to closely monitor the injured-on-duty claims with the Police Chief and Fire Chief. Medical claims for injured on duty and retired disabled police and firefighters are sent to AccuMed for review and discounting appropriate to workers' compensation rates. Last year, the average reduction on claims was 50% resulting in a cost savings to the Town of \$21,818.68. In addition, many health care providers are automatically reducing their claims to the worker's compensation rate. The Department negotiated directly with a physician for a \$6,000 deduction on surgical fees.

WORKERS' COMPENSATION

The town works with the Massachusetts Interlocal Insurance Association (MIIA) to provide a comprehensive program to reduce on the job injury and to increase employee safety awareness. In 1994:

- * safety reviews were conducted at six town facilities, including Town Hall, Court Street, Ryder Building, Sewer plant, Library, and the Parks Department.
- * Modified work programs were provided to ten employees in cooperation with the occupational health nurse at MIIA.
- * The Executive Safety Committee met six times to review the lost time claims and accident reports and to identify training needs.
- * Safety training was available to employees who experienced lost time.
- * Back injury prevention training was presented to over 100 employees from DPW, clerical and administrative groups.

LABOR RELATIONS

In 1994, Police and Fire contract settlements were reached bringing all Town unions into 90-10 share on the health insurance. Five labor-management subcommittees, identified as a result of collective bargaining, have completed studies and the Personnel Department has been directly involved: Clerical Bereavement Leave Study Committee, Sick Leave Pool Study Committee, Clerical Classification and Compensation Committee, Clerical Performance Appraisal/Bonus Committee, and the Infectious Disease Control Study. The Personnel Department functions as facilitator and resource person to these committees.

TRAINING

art

es

111F

iree)

-0n-

duty

and erage 8.68.

physi-

The Personnel Department placed an emphasis on providing training and informational opportunities for employees at all levels as a method of continuous improvement. Over twenty programs with a total of 35 sessions were presented, and fourteen of these were as a direct result of the planning and coordination of the Education Workshops and Seminars Committee. Programs covered five major areas: Health and Safety, Legal Information, Benefits, Skill Training, and Management Improvement.

DEPARTMENT OF PLANNING AND DEVELOPMENT

MISSION STATEMENT

The mission of the consolidated Department of Planning and Development is to coordinate all planning, community, and economic development activities of all Town government agencies. This Department is to provide a comprehensive vision of the Town's long range goals, and to administer local development controls in a fair and equitable manner consistent with those goals. Specific programs are to be designed and implemented to achieve these ends.

This department seeks to balance the overall public good with individual rights and interests. As professional support staff, reliable guidance and assistance is to be provided to boards, agencies, citizens, and other Town departments.

EC 1

NO. NO.

AM

1

The year 1994 was the third full year of operation for this consolidated department. Responsibility includes supervision and coordination of town agencies related to subdivision control, land acquisition, conservation, redevelopment and revitalization, zoning appeals, design review, historic preservation, affordable housing and economic development. This was the first full year operating with a consolidated budget. This proved to be an effective means of assuring fiscal accountability and efficiency.

Working under the direction of the Director of Planning and Development, individual boards and agencies are working more closely together. This is important not only in the review of specific development proposals but in the development of consistent Town policy.

A major initiative was completed this year through the Total Quality Management Program to better organize the Town's land acquisition process. While changes have been initiated, it is anticipated that an entirely new committee structure would be implemented in the new year. Major land acquisitions completed this year involved the site of the new Police Station on Long Pond Road and the water tower site in Cedarville. An appropriation was also made by Town Meeting for purchase of the 186 acre Talcott property on Old Sandwich Road.

The new organizational structure continues to change and adopt to new challenges. The following boards and agencies present individual reports as to 1994 activities, however, many are shared tasks and accomplishments.

Cedarville Steering Committee

The Cedarville Steering Committee has met monthly at the Star Market Meeting room at 7:00 P.M. Rosemary Smith of Ellisville Road was appointed by the Planning Board as the newest member. The Committee set safety issues in the Village Center as the main goal.

The speed limit in Cedarville center has been reduced from 40-50 mph to 30 mph. New signage has been posted with the new speed limit and a reminder that drivers are approaching a busy village area. The committee is working on obtaining lighting throughout the center and also having continuous sidewalks in the village center. Since Route 3A is a state road, the Massachusetts DPW must be contacted on all projects.

The Cedarville Steering Committee has worked with the Fire Station Building Committee to build a needed new Station in Cedarville. This project will go ahead when funding is available.

The April Town Meeting approved several zoning articles from the Cedarville Master Plan. Due to the desire to remain rural, the maximum square footage for structures in the Commercial District will be limited to 24,000 sq. ft. The second article encourages businesses to place their parking lot to the rear so that a more attractive frontage will be visible in the village.

The new Plymouth Animal Shelter will be coming to Cedarville and both committees have met on this project. The Cedarville Steering Committee members continue to work once a month at the Recycling Center. The Committee wishes to thank the Star Market for use of the meeting room. Jack Lenox, Lee Hartmann and the Planning Board for their assistance, the Selectmen, and all town employees who help the committee to implement the Cedarville Master Plan.

Office of Community Development

MISSION STATEMENT

The mission of the Community Development Office is to secure and administer state and federal grants which will further the Town's planning and development objectives. To accomplish this mission, OCD must seek out and coordinate town department, outside agency and public participation in the process by which grant-funded programs and projects are identified, developed and implemented, including the leveraging of Town and private dollars wherever required or appropriate; achieve technical proficiency and creativity among staff; increase internal awareness of and respect for discre-

tionary grant dollars and their benefits to the community at large; and ensure that Plymouth's community development programs are the most comprehensive and best managed among Massachusetts cities and towns.

In 1994 the Office of Community Development was successful in continuing its basic programs in the areas of home rehabilitation, public social services, streetscape improvements and commercial property improvements while expanding the variety of grant funded services offered to Town residents and businesses.

Services offered for the first time in 1994 included assistance to first-time homebuyers, rental assistance to tenants, small business assistance, park improvements and removal of architectural barriers to the disabled.

Housing services, including home rehabilitation and first-time homebuyer assistance, were offered on a town-wide basis. Park improvements in process are scheduled for Veterans Field in North Plymouth, Fresh Pond Park in Manomet and Huntley Playground in Buttermilk Bay. Implementation of the Plymouth Center/ Waterfront Area Master Plan has continued in cooperation with the Plymouth Downtown/Harbor Corporation with a program of 5 commercial facades and 5 signs underway. In addition, design is complete for streetscape improvements to North Street. The North Street improvements will be completed in 1995 as will a continued small business assistance program.

In North Plymouth a pilot commercial facade and sign program was completed and a full program of 5 facades and 10 signs was begun. Small businesses in North Plymouth are being offered technical assistance in a program patterned after a similar one completed in the Downtown/Harbor District. The Plymouth Housing Authority, as a grant subrecipient, conducted the North Plymouth Stabilization Program which offered training to landlords and tenants in that area.

Social services on a town-wide basis were made available through two subrecipients, the Greater Plymouth Literacy Program and the Plymouth Commission on Handicapped Affairs. The former has begun its program to prepare approximately 15 low-income adults for their GED examinations and the latter will soon begin a short-term wheelchair loan program to aid handicapped and elderly persons.

Overall, the Office has administered grant funds in excess of \$1,630,000.00 during 1994. OCD looks forward to continuing its mission to the benefit of Plymouth residents and businesses in the coming year.

Conservation Commission

MISSION STATEMENT

The mission of the Conservation Commission is to protect wetlands and resources in the Town of Plymouth through acquisition, management, education and regulations to act as a liaison between the public and other governmental agencies in protecting our natural resources and to become an environmental (educational) resource for the public and Town agencies, both through a library of literature and through the collective knowledge of the Conservation members.

The Conservation Commission consists of seven volunteer members, who are appointed by the Board of Selectmen and assisted by paid conservation staff. The Commission is charged with several duties including the acquisition of land for the purpose of management and promotion of unspoiled natural resource areas and the protection of inland and coastal natural resources. The protecting of these natural resources benefits the Town by providing flood control, protection from storm damage, protection of clean water supplies, promotion of wildlife diversity and recreation. In an effort to increase everyone's knowledge about the environmental laws, pollution and resource/wetlands protection, the commission is available for presentations to schools, boards, clubs or groups.

Pursuant to its mandate under the Town of Plymouth's Wetlands By-law and General Laws, Chapter 131, S40, et seq., the Conservation Commission acted on 65 Notices of Intent (permit requests) for activity taking place within areas subject to the jurisdiction of the Conservation Commission. Additionally, 29 Requests for Determination (of whether proposed activity was taking place within a conservation area) and 39 Jurisdictional Opinions

were filed.

Several controversial projects included permitting Walmart at Cordage Park where a ninetieth century building is to be demolished, and the rehabilitation of the Old Colony Railroad into Cordage Park, where significant environmental protections needed to be taken, including drainage control structures for the large parking facilities to service these projects. In addition, the Commission permitted the restoration and revegetation and endorsed the new plans for the Department of Environmental Management's project at Pilgrim Memorial State Park, Phase I.

The 7th Annual Massachusetts Coastal Zone Beach Sweep was conducted on White Horse and Nelson beaches this fall. Cigarette butts (plastic), top the list again, being the number one debris found along Plymouth's coastal beaches. A special thanks goes out to Plymouth South High School and Plymouth Community Intermediate School for their continuous support. All are welcome to come join the fall 1995 beach cleanups.

The Conservation Commission extends appreciation to the Billington Sea Association for their work in obtaining a federal 319 Grant of \$96,000.00 toward creating innovative septic systems for the purpose of improving the water quality of Billington Sea.

20

110

300

Di

105

ET

N)

Several changes occurred in the Conservation Commission membership this year. Two Commissioners, Brooke Monroe of Sandwich Street and former commissioner Robert Balboni of Liberty Street, were appointed to the Commission this year. They filled the openings left by chairman Malcolm MacGregor and vice-chairman Douglas Hart. A special appreciation goes out to the departing Commissioners for their hard work, support and expertise during their terms. The Commission welcomes assistance from anyone with the enthusiasm and desire to protect our resources.

In closing, the Commission and their staff wish to thank their associate members, all the boards, departments, commissions and committees from the Town of Plymouth and the various local, state, county and federal agencies and organizations, for their assistance this past year.

Design Review

The Design Review Board had an active schedule again this year meeting nearly every month on Wednesday evening. The Board looked at over 35 projects, several of them more than once.

Volunteer professionals, including architects, a landscape architect, a builder, and a historian, make up the Board. Unfortunately, this year Bruce Allen, the Chair of the Board, will be stepping down and ending a long period of service to the Board. His wide knowledge and keen interest in Plymouth will be missed. His guidance as a result of his many years with the Board, his experience as a builder, and his reasoned approach to projects has been of invaluable help to the Board.

The Design Review Board advises the Planning Board and the Board of Appeals on Special Permit Applications using the Appearance Code. The Appearance Code focuses on design principles that encourage harmony and compatibility with surroundings. Our review considers issues like colors, materials, landscaping, lighting, location, and overall appearance. The Board also reviews the construction or enlargement of commercial buildings and multi-unit residential buildings as requested by the Building Commissioner, again based on the Appearance Code. Lastly, the Board reviews projects subject to Environmental Design Conditions in accordance with those criteria.

This years's project list included a number of larger commercial building proposals, like Shaw's Supermarket, K-Mart, Wal-Mart, the Boys and Girls Club, the

Police Station and the Indian River Inn. The larger projects usually consisted of more than one review as the projects became more fully developed. The Board additionally looked at a number of other commercial and residential designs of a more limited scope.

Most commercial construction reviewed this year required a Special Permit. Single family residential projects that require a special permit come for review of the Board, such as for construction closer to the lot lines than the Zoning By-Law allows. The Board also saw a number of these projects.

As the economy continues to improve in Massachusetts, the Design Review Board looks forward to another busy year.

Office of Economic Development

MISSION STATEMENT

The Plymouth Office of Economic Development works with local, state and national government officials and agencies, organizations (both public and private), private businesses, developers, community groups, and professionals in order to retain, expand, and attract opportunities for Plymouth residents and businesses through a proactive approach and team effort.

The basic foundation of the Town of Plymouth economic development effort is the team approach. Quality programs of work that include collaboration, cooperation and joint ventures with outside organizations such as the Plymouth Area Chamber of Commerce, Plymouth Industrial Development Corporation, North Plymouth Business Association, local neighborhood business groups, and others are designed to bring together resources, expertise and energy into a focused effort and improved service to the community.

The Office of Economic Development has a professional staff and works with two Selectmen appointed volunteer groups, the Plymouth Development and Industrial Commission (PDIC) and the Visitor Services Board. The PDIC meets on an as needed basis to review and give input relating to proposed projects, zoning changes, special programs or collaborative efforts that potentially have an impact on the Town's economic development efforts. The PDIC operates under General Law of Massachusetts Chapter 40 Sub-section 8A. The Visitor Services Board (VSB) meets monthly to review tourism industry related programs of work, special events, marketing efforts, and other matters relating to the Town's expenditure of tourism promotion funds.

During 1994 this Office worked with local business and industry to bring economic growth to our community. Early in the year the new MIJA Industries facility in Plymouth Industrial Park opened its doors.

KAO Infosystems continued their expansion, utilizing the former Foxboro Company facilities which they acquired in 1993 as a compliment to their existing facility. Party Lite Gifts, TECH ETCH and Pixley Richards all were planning or in the process of expansions at years end. CDF Corporation, a manufacturer of drum and barrel liners purchased the former Friskies (Superior Pet Products) building for the siting of the corporate headquarters and manufacturing operation.

The Office of Economic Development worked closely with two project developers whose plans called for a major reuse of parts of the Cordage Park complex. Wal*Mart Stores won approvals for the new 130,000 square foot retail store which will serve as the major anchor for the development of Cordage Park as a retail and mixed use center. Also considered in 1994 were plans for a major project which was designed around the 23 acre parcel along the Cordage Park waterfront. The proposed Cordage Landing was to have a floating casino as its primary piece of a total development project. A hotel conference facility, a museum, residential condominiums, and a seaside marketplace were also key pieces of the project. Voters overwhelmingly supported the concept of the project, which ultimately was shelved due to commitments made by the Commonwealth to other gaming projects.

The OED also continued to work to build strong support organizations for small business activities through neighborhood business groups such as the North Plymouth Business Association. Programs under development to assist local small businesses include the Plymouth Business Inve\$tment Fund, a revolving loan program intended to assist in the establishment, attraction, and growth of small and micro businesses.

Also, the OED Technical Assistance Program is being developed. The technical assistance will be based on a team of providers that will work closely with this Office to assist businesses with problems and decisions specific to identified disciplines.

Collaborations with outside organizations such as the Plymouth Area Chamber of Commerce were again conducted during 1994. Special tourism events and program specific projects were undertaken jointly. The Plymouth Higher Education Partnership was established as a joint effort between the two organizations to conduct a review of and make a final recommendation for the development of a strategic plan that will address the needs of our community as they pertain to higher education and training programs offered locally.

The Office of Economic Development worked with the North Plymouth Business Association to develop a holiday celebration program for the North Plymouth community as well as to address key issues relative to the North Plymouth community.

A number of grant programs were applied for by the OED in 1994. Applications were made under the Ready Resource Program (done in cooperation with the Office of Community Development and the Downtown/Harbor Corporation for funding of a program under the Plymouth Business Inve\$tment Fund (loan program), the Massachusetts Capital Fund for a new business start up, and the local partner-ship program/for funding of two economic development planning efforts.

Also as 1994 came to a close this Office was working with Whitman and Howard Inc., to secure Public Works for Economic Development grant funding in excess of 1 million dollars, for the purpose of the construction of a connector road through Plymouth Industrial Park to Route 80.

nd

n-

rs

nis

nd on

ner

The Office of Economic Development also worked closely with the business community on issues relating to the Route 44 reconstruction and new construction, waste water treatment, business organizations, transportation, promotion, education, and planning.

This Office continued to work with the Quincy College Plymouth Campus in the ongoing development of programs intended to complement the Town's economic development activity.

The Office of Economic Development continues to work with the Plymouth Industrial Development Corporation (PIDC), private developers, and businesses in order to expand the Town's commercial and industrial base thereby increasing the tax base, create opportunities, and provide for a stronger overall economy through business attraction, retention, and expansion.

Michael A. Gallerani, CED, Director of Economic Development was selected for inclusion in the 1994 Edition of Who's Who of Global Business Leaders.

The professional staff of the Office of Economic Development, the PDIC, and the Visitor Services Board are appreciative of the support received from the town, state, and federal officials, residents and business community.

Historic Preservation

1994 was a year of accomplishment and change for the Historical and Historic District Commissions.

Town Meeting again agreed with the importance of the survey and planning program of the Historical Commission as it voted to match a grant from the Massachusetts Historical Commission. The state supported the quality of previous Plymouth survey work by awarding this grant for the third year in a row. The 1994 work

surveyed properties in North Plymouth, Manomet, Cedarville and a portion of the area south of the Town Green. Property occupants from all surveys were sent letters from the Historical Commission notifying them that historical information was available about their properties. There has been tremendous response from the property owners.

The Board of Selectmen recognized Laurence Pizer who withdrew from renomination after 15 years of service with the Commission. Mr. Pizer's integrity and dedication to the Commission will be missed. Nancy Cole Eidsvig resigned after serving for two years as resident-at-large and was recognized for her worthwhile contributions.

Selectmen appointed Clifford E. Sampson, Sr. who has considerable experience in town service and Wesley Ennis, 20-year resident of Plymouth and video producer familiar with the town's visual history.

The Commission met biweekly throughout the year and worked again with the Downtown/Harbor Corporation in assisting with facade and sign improvements. Fifty-seven cases were processed in 1994.

Manomet Village Steering Committee

The Manomet Village Steering Committee was established by the 1991 Annual Town Meeting. The primary function of this seven member permanent committee is to assist in the implementation of goals and objectives in the Manomet Village Master Plan.

The committee extends its gratitude to outgoing members Skip Anusewicz, Jean Johnson and Randy Lucero, acknowledges Lee Anderson's return, and welcomes new members Christopher Bean, Eileen Collins and Virginia Johnson. The committee continue to meet at 7:30 P.M., the last Wednesday of each month, at business offices located at 783 State Road in Manomet Center, unless otherwise posted.

Work continues on the committee's priority of traffic and pedestrian circulation. Improvements to the village this year include Manomet's first traffic signal at State and Beaver Dam Roads, along with completion of sidewalks along Route 3A and maintenance of crosswalk locations throughout the area. The committee has continued its efforts to establish a sidewalk on Point Road near Manomet Elementary School supporting an eminent domain taking to realign the road layout so the sidewalk can be built. The taking process is underway, and the committee is hopeful the new sidewalk will be constructed in time for the next school year.

Community grant funds have become available for improvements to Fresh Pond Park. The committee, along with village civic groups, is now assisting in coordinating design and permitting for improved parking, beach and handicap facilities. Development of additional grant applications continue for funding renovations of the existing bath and concession facility.

An appointment from the group was made to the town's Recreation Facilities Task Force. Preliminary plans of recreationally dedicated land were provided to the town, and additional arrangements made to gain definitive base information at the "Brigg's Estate", recreational land near the village center. The committee continues to assist and support the expeditious construction of playing field for the benefit of the town and village.

The committee assisted the Plymouth Library in planning events for a Manomet Branch anniversary, addressed issues of significant commercial rehabilitation within the center, and attended to a number of considerations and advisements requested by the villagers.

The Manomet Village Steering Committee looks forward to continuing its community service.

North Plymouth Steering Committee

The seven-member North Plymouth Steering Committee assists in the implementation of the North Plymouth Master Plan and advocates for the needs of the area, working through the Planning Board and Board of Selectmen. It meets the second Wednesday of each month at Cordage Park, with additional special meetings when needed.

The Facade Improvement Projects begun during the pilot year (1993) were completed and three more are in various stages of completion. On the basis of the pilot experience permanent Design Guidelines were adopted, and procedures and forms refined in cooperation with the Office of Community Development.

Several meetings were held with representatives proposing developments within Cordage Park. Casino Magic subsequently withdrew, but Wal-Mart proceeded through the necessary requisites and is ready to begin construction. In connection with the latter, the off-street parking lot planned and advocated by the Committee now appears to have the necessary funding.

The Committee also met with engineers responsible for the design of the reconstruction of Route 3A, making suggestions in accordance with neighborhood goals and needs and with elements of the Master Plan.

In cooperation with other community groups, the Committee has assisted in the planning and execution of such neighborhood activities as Veterans Field programs, annual marathon, and Christmas parade and caroling.

Old Colony Planning Council

The Plymouth representatives to the Old Colony Planning Council (OCPC) present this report on behalf of the Council for 1994.

The Old Colony Planning Council (OCPC) is one of thirteen regional planning agencies in Massachusetts, authorized by state statute to prepare plans for the physical, social and economic development of their respective regions. In addition OCPC, which serves fifteen communities in the Brockton - Plymouth areas, is the only regional planning agency in Massachusetts to be designated as an Area Agency on Aging. In this responsibility the Council managed federal Older Americans Act funding for its regular planning district plus eight additional municipalities. The Council is also designated by the Commonwealth of Massachusetts as the Metropolitan Planning Organization for transportation planning and as an Economic Development District by the U.S. Department of Commerce, Economic Development Administration for economic development planning, coordination and financial support.

Each member community of the Council is represented by one delegate and one alternate member. The Town of Plymouth is represented by John F. Lenox and Lee Hartmann. The Council members establish policy, develop the work program, and, employ and oversee the activities of the professional staff. The Council meets on the last Wednesday of each month at 7:30 p.m. in the OCPC offices located at 70 School Street in Brockton.

In 1994 the Council's activities concentrated on meeting the increased requirement of the Intermodal Surface Transportation Efficiency Act for transportation planning and assisting communities in acquiring funding under the program; preparing required documents and providing technical assistance under the economic development program; and administering the elder services program. The Council was saddened in May by the sudden passing of its President, James A. Kassos of Brockton who had just been re-elected to serve a second term. The OCPC dedicated the Library/Conference Room in memory of Mr. Kassos. Mr. John G. Mather of Halifax was elected to replace him as President of the Council. Elected to serve as Council Secretary was Eldon F. Moreira of West Bridgewater; and Joseph Landolfi of Stoughton was elected treasurer.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the participation and involvement of the members of the Joint Transportation Committee Chaired by Stephen Baker; the Overall Eco-

nomic Development Committee chaired by Mr. Joseph Joseph; and, the Area Agency on Aging Advisory Committee chaired by Mr. Christian Schembri of Plymouth. The Council also recognizes the work of local boards and commissions and the government agencies, public and private institutions and individuals who assisted its efforts.

OFFICE OF COMMUNITY PLANNING

MISSION STATEMENT

The Mission of the Office of Community Planning is to provide professional staff support and guidance to the Planning Board, thereby enhancing their ability to manage the physical, economic, and environmental development of the Town. The office also strives to serve as a clearinghouse of information on local, state, and federal projects. There is also responsibility for reviewing development plans to assure that they comply with the Town's and use regulations and are consistent with the long range vision of the Town.

The Office of Community Planning is a community resource for infornation on many issues. The office through the master plan process is responsible for creating a coordinated long range vision of the community and functions as liaison between various public and private entities and to mitigate conflicts.

Customers include the Planning Board, various other local, state, regional, and federal, boards, departments, and agencies, neighborhood groups, developers, and ordinary citizens.

A primary obligation is to advocate for needs of the residents of Plymouth. The office also promotes innovative measures to manage growth and protect the environment. In addition, the staff is obligated to remind the community of the long range consequences of decisions made today.

The year 1994 was highlighted by several major commercial and industrial development proposals in the Town. In previous years the focus of the Planning Board has been the management of residential development. Proposals for a golf course, two large retail stores, industrial expansions, and the adoption of a new commercial development bylaw are some of the significant proposals reviewed by the Board in 1994.

The Board held 31 regularly scheduled meetings in 1994, and met additionally with other boards and agencies as a cooperative participant within the Department of Planning & Development.

Subdivision Control

In administering its duties under the Massachusetts Subdivision Control Law, the Planning Board reviewed 44 Approval Not Required Plans. The Planning Board reviewed plans for eight residential and one commercial subdivision, as well as one preliminary residential subdivision plan. Seven of the eight residential subdivisions were reduced density developments. In a reduced density subdivision, the Board agrees to waive some of the street construction requirements. In return, the number of dwellings in development must be reduced by 66 percent, the roads remain private, and no further subdivision is allowed. This process has been successful in reducing the number of dwellings constructed and their associated impacts on town services.

The Board also negotiated an agreement for the Pond at Plymouth development resulting in the establishment of a \$500,000 road maintenance account for the development.

Zoning Bylaw

The Planning Board reviewed and made recommendations on 52 Zoning Board of Appeals cases. In addition, industrial and commercial site plans were reviewed. Some of the major projects included:

Atlantic Country Club

The Atlantic Country Club is located on Little Sandy Pond Road. This 18 hole: golf course opened in the fall of 1994. A significant portion of Little Sandy Pond Road was improved in conjunction with this project.

The Sofran Group (K-Mart)

Located on Pilgrim Hill Road this project included a 47,327 square foot expansion to a previously approved 118,000 square foot shopping center. Proposed was the construction of a 118,000 square foot K-Mart department store adjacent to the Shaw's Supermarket.

Wal*Mart

The Wal*Mart proposal calls for the construction of a 133,000 square foot Wal*Mart department store within the Cordage Park complex.

Indian River Inn

The Indian River Inn is located on State Road in Manomet. The proposal includes an expansion in seating and significant building renovation.

Plymouth Police Station

A site plan was reviewed for the construction of the Town's new police station Iocated on Long Pond Road.

one Tech Etch

Dard

ions

lum-

ful in I

eloo-

Pond

e fool

Two additions totalling 25,460 square feet were reviewed for the Tech Etch building located on Aldrin Road in the Industrial Park.

Tain Party Lite Gifts

The Board reviewed a site plan for a 10,400 square foot addition to the existing Party Lite Gifts building located on Armstrong Road.

Boys & Girls Club

A 32,000 square foot Boys & Girls Club is proposed to be constructed on South Street. The proposed facilities include: an indoor pool, gymnastic room, nt for weight room, gymnasium, and day care facilities.

In addition, the Board sponsored and received approval by Town Meeting of 4 Zoning Bylaw amendments. The most significant change involved a cooperative bard effort with the Plymouth Development and Industrial Commission on the adoption wed of a Planned Commercial Development to provide for a mix of industrial commercial and recreational uses on industrially zoned land within the new Route 44 corridor. The remaining zoning articles are the result of concerns outlined in the Cedarville, Manomet and West Plymouth village center plans. These amendments address specific issues identified in each of these communities.

West Plymouth Steering Committee

Town Meeting also created a steering committee for West Plymouth in order oler to advocate for the implementation of the West Plymouth Master Plan. The Planning Board completed their appointment to the Committee and assisted with its ent to start up work.

Plymouth Redevelopment Authority

MISSION STATEMENT

Since its establishment in 1959, the Plymouth Redevelopment Authority has continuously worked with the citizens and governing body of the Town for the betterment of home and community. In retrospect, the Authority feels that it has and continues to succeed in this task. It is therefore the intent of the Plymouth Redevelopment Authority to continue to be a people-oriented agency, to continue to seek out the best possible loan programs that will

enable families and individuals in the Town of Plymouth to acquire and/or through housing rehabilitation programs, live in decent, safe, and sanitary housing.

During the past year, the Plymouth Redevelopment Authority has processed housing related loans valuing in excess of \$1,250,000. It has been one of our most productive years.

Programs sponsored by the Massachusetts Housing Finance Agency (MHFA) continue to be the mainstay of our housing related activities. Low-interest loan programs such as the Home Improvement Loan Program (HILP), Neighborhood Rehab Program (purchase and rehab), Qualified Rehab Program (re-mortgage and rehab), Get The Lead Out (lean paint abatement program), and the First Time Homebuyers Counseling Program were all extremely popular during the past year, which accounts for a record \$1,250,000 in activity.

In October of this year, MHFA, in conjunction with the Economic Office of Community Development (EOCD), designed a new lead abatement program and appropriated approximately \$5,000,000 to be used by owners of rental properties to delead rental units. Under this new program, investor-owners of rental properties could borrow up to \$35,000 at interest rates as low as 3% to delead their rental units. In the opinion of the Plymouth Redevelopment Authority, this new program is a badly needed tool in helping to prevent lead paint poisoning in children.

Summer High Street Urban Renewal Area: The on-going deteriorating condition of the Spring Hill Apartment buildings continues to be a major concern of the Plymouth Redevelopment Authority. Repeated attempts by the Authority to persuade the owners of the complex to prepare a schedule for the rehabilitation of the apartment buildings appear to have fallen on deaf ears. Therefore, the Authority, through provisions of the Summer High Street Urban Renewal Plan, has requested direction from town counsel for the legal steps the Town must take to enforce compliance with the Urban Renewal Plan. The "Plan" is a legal and binding document approved jointly by the Town, the Plymouth Redevelopment Authority, the Commonwealth of Massachusetts, and the U.S. Housing and Home Finance Agency, now Housing and Urban Development, which binds redevelopers in the Summer High Street Urban Renewal Area to maintain their properties in good repair.

Town Counsel has recently advised the Authority that the Plan is indeed enforceable through the courts.

Ohe

The Plymouth Redevelopment Authority board of directors wishes to extend its sincerest appreciation for the support given to the Authority staff by Town Manager William Griffin, Director of Planning and Development John Lenox, and all the other departments of the Town with which the Redevelopment Authority interacts.

Visitor Services

The Visitor Service Board is an advisory committee to the Town Manager who reports to Selectmen. It is made up of seven volunteer members, with staff support from the Office of Economic Development, who are charged with funnelling the public monies of the Town Promotions Fund to the appropriate private agencies where it is matched on at least a 1:1 ratio for the purpose of promoting Plymouth through various promotional efforts and programs that benefit the visitors and residents alike.

The Board's three major functions are to oversee the operation of the Town's Visitor Information Center on Water Street (presently contracted out to Destination Plymouth), to find and contract for the appropriate promotions mechanism to give Plymouth Maximum visibility in the marketplace, and to expand on the successful mini-grant program which provides 'seed money' for local events (like the Festival of Northern Lights, the July 4 parade & Fireworks, and the Chamber of Commerce's Waterfront Festival).

All of the Board's programs utilize the public/private initiative that results in a minimum of one private-sector dollar invested for each public dollar invested.

The Visitor Services Board thanks the staff of the Office of Economic Development for their support and assistance. In addition the Board thanks the town and state officials, residents and business people for their help and financial support during the year.

nis

West Plymouth Village Steering Committee

MISSION STATEMENT

The mission of the West Plymouth Steering Committee is to assist the people of the Town in the interpretation and implementation of the West Plymouth Village Master Plan. The focus of the plan is to manage the development of the West Plymouth Village in a manner keeping with its suburban character while increasing community pride, and identity. The committee's members serve as ombudsmen and advocates for the needs of West Plymouth with various town committees, Boards, and town meeting.

The West Plymouth Village Master Plan was approved at Town Meeting in the all of 1993. As a result, 1994 was a year of formation and development for the Steering Committee. Although the committee did not reach full level of appointed staffing until November, a great deal of effective work was accomplished. The committee is predominantly focused on the issues of managed growth--while maintaining a balance residential character with a complimentary and active commercial mix. Efforts have been directed at developing increased community identity and competing for high value infrastructure improvements such as sidewalk accessibility, street acceptances, installation of town water lines and creation of community and recreation centers. Some of the most significant accomplishments included:

Placement of several articles on the Town Meeting warrants including:

- * selected street acceptances
- * request for selected sidewalk installation funds
- * approval to purchase 40+ acres of recreation land near the airport
- * funding request for an integrated traffic management study of West Plymouth

Providing valuable advice and guidance to the Planning Board, Selectmen and ZBA regarding:

- * proposed rezoning of the land adjacent to freedom Honda (Residential Medium density to Arterial Commercial)
- * proposed special use permit requirements related to thE building of a proposed KMART adjacent to the new Shaws.
- * proposed placement and schedule for constructing Christa McAuliffe Blvd. from the Industrial Park to Route 80.

Zoning Appeals

The Zoning Board of Appeals (ZBA) is comprised of seven volunteer Plymouth residents appointed by the Selectmen. The Board meets on an average of twice per month. The total amount of filing fees collected was \$2,850.00 and 54 applications were filed. There were a variety of petitions ranging from Variance requests for minor home improvements such as decks, additions and buildable lot approvals to Special Permit requests for retail, expansions on non-conforming uses and structures, and extensions of previously approved projects.

There were 41 decisions rendering approval and 12 denials or withdrawals. Some examples of petitions that were considered before the ZBA are:

Wal*Mart at Cordage Park on Court Street which was granted a Special Permit in order to construct a 133,000 square foot retail store.

K-Mart (Sofran Group) on Pilgrim Hill Road (off Route 44) which was denied the request to construct a 118,000 square foot retail store.

Indian River Inn on State Road in Manomet was granted a Special Permit in order to increase the seating and renovate the existing restaurant and inn.

nied

The Town of Plymouth was granted a Special Permit in order to construct a new water tank on Buckskin Path off State Road in Cedarville.

P.A. Landers, Co. off Nicks Rock Road was approved the request to construct an asphalt batching plant.

There were five decisions appealed to Superior Court which are pending litigation.

The Board wishes to thank Stephen W. Murphy and Brendan P. Halligan for their time well served on the ZBA and extends their welcome to Ira Lukens and Robert Jardinico as new alternates.

PUBLIC SAFETY

Fire Department

MISSION STATEMENT

The mission of the Plymouth Fire Department is to protect the general publics' life and property in the safest and most efficient manner; to educate the public and earn respect through our professional actions and deeds; to foster an open, honest and willing line of communication with and through management to help solve and/or eliminate problems making for a more harmonious and efficient work place, thus benefitting not only the employees, but also the Town of Plymouth.

Reflecting back on the past year, the trend of increases in emergency response activity continues. This past year the department responded to 3824 incidents which required 4547 apparatus responses.

Looking to the future and current planned new growth and the Town's potential for further growth, the impact this has on the level of service the department tries to maintain must be recognized.

This year continued the expansion of computerized incident reporting to all six fire stations which now have computers linked to Headquarters Station. This gives the department fully computerized incident reporting and greatly reduces required man hours.

In addition, the department continues to make progress with the development of 911 data base. It is anticipated that the 911 system will be on line in timing with the new Police Station. It can not be emphasized enough to every property owner the importance of properly posting the correct number on their house or business property.

The Fire Incident Command System, which was in development last year, designed to provide a uniform system of fire ground control and also to improve on fire fighter safety, has been implemented and is proving to be a successful tool in fireground management.

There has also been put into service a new Pierce Arrow Class A Pumping Engine at the West Plymouth Station. This new engine is the first ever in this department with a completely enclosed cab, class A & B foam system, anti skic brake system and many safety features. It is anticipated that this piece of apparatus will provide twenty years of service to the Town.

FIRE INVESTIGATION UNIT

The Fire Investigation Unit has expanded to six Fire Department members. The members have regularly scheduled meetings to discuss ongoing activities. The unit is very aware of the need for continuing education and training. All members have joined the Massachusetts Chapter of the International Association of Arson Investigators. The members are looking forward to attending training seminars in the future months.

TRAINING DIVISION

s; to

har-

ees.

men

with pert

in th

Firefighter training continues to be a very important issue as each year presents new aspects in the job of saving lives and providing emergency services.

The title "firefighter" no longer entirely describes the duties a member of the department is expected to perform. In addition to continually providing fire training both in house and at the State Fire Academy, this year joint training was conducted with the Towns of Kingston and Duxbury in the specialized areas of confined space rescue, rope rescue, and trench rescue.

FIRE PREVENTION OFFICE

The Fire Prevention Office has two assigned Officers and it is the responsibility of these officers to review the plans for all new construction within the Town making sure that any and all Fire Safety requirements are met. These include, but are not limited to, Automatic Fire Sprinklers, Fire Alarm Systems, adequate access for fire fighting and adequate water supply. Inspections are made during the construction of buildings to assure that the work complies with fire prevention standards and codes.

In addition to new construction, it is also their responsibility to conduct periodic inspections, as required by law, of the Hospital, Schools, Nursing Homes, Garages, etc. They also provide the certification of compliance for smoke detectors for the sale of any residential units and conduct inspections of oil fired burners, all tank installations and removals, self service gas stations, and for any Fire Code violations.

This office is responsible for Fire Safety Education and this year the National Fire Protection Associations "Learn Not to Burn" program, which was introduced to the schools last year, was improved with the addition of the level 2 curriculum guide to each elementary school. All students in grades K-4 and grades 6 & 7 will have received a Fire Safety presentation building upon a program that was designed to keep our children practicing fire safety at all grade levels on a year round basis.

Supervised tours of the fire stations are held at all six stations and this year tours were provided for over 1,700 children. Coordination of these tours are handled by the fire prevention office.

For the first time, the department participated in fire prevention shows at Independence Mall and Cape Cod Mall. Fire prevention and safety information was distributed at no cost to the Towns or recipients at these shows and various pieces of fire fighting equipment were also demonstrated.

APPARATUS REPAIR DIVISION

The Fire Department Apparatus Repair Division is responsible for the maintenance and repairs to the thirty-three fire vehicles that are the property of the Town of Plymouth. These vehicles range from basic sedans to large ladder trucks. Each and every unit is unique in design and operation and each presents its own set of special maintenance problems. The ages of these vehicles range from eight months old to thirty-five years old. Parts for some of these vehicles are impossible to obtain and in many cases they have to be custom manufactured.

The department took delivery of a new Pierce 1500 GPM pumping engine this past June. This truck was purchased by the annual town meeting in 1993 and is a new concept for Plymouth because it has a complete stainless steel body that has a written ten year warranty. Due to the effects of the winter road salt and the severe northeast storms of the past few years, rust and corrosion have been major problems with our steel engine bodies and we are hopeful that this stainless body construction will minimize this type of problem.

At the annual town meeting of 1994 the department was successful in obtaining funding for rehabilitation projects on three vehicles. A new body and water tank on engine #7, a new water tank and fenders on tanker #2, some body, cab, and paint work on engine #4. This is just a small part of what should be an ongoing program to update and refurbish many of our older vehicles.

The department hopes that a replacement program for many of the older vehicles can be continued over the next few years to replace the vehicles that are over twenty years of age. These have become almost impossible to repair because of age and the non-availability of parts.

FIRE ALARM DIVISION

The growth in use of the municipal fire alarm system for automatic notification to the fire department of alarm conditions in industrial and commercial properties continues. These systems are installed at no cost to the taxpayer and utilize existing fire alarm circuits throughout the Town. Many alarms are received by the

automatic activation of detection devices that are connected to the municipal fire alarm system. Most of the alarms are trivial in nature because of this early detection and reporting. However, the potential for considerable reduction in fire loss is great and this system reduces the operating expense for the department. The chance of loss of tax base and employment within the community is also reduced.

Valuable assistance has, as usual, been rendered this division by other members of the fire department. Many projects would still remain incomplete without this aid.

NEW APPOINTMENTS:

FOREST FIRE DEPARTMENT

While this past year's forest fire report does not indicate any extremely large fire, it does show a number of smaller fires which were quickly brought under control by members of the department.

As indicated in the past, Plymouth contains types of vegetation which presents some of the most severe fire conditions in the country. The natural fuel supply coupled with the expansion of residential growth into and bordering our wooded areas causes great concern. Homeowners in these wooded areas should take precautions to protect their property from forest fires. The department will gladly provide information to assist homeowners in this endeavor.

This past year has seen completion of a report on the Myles Standish State Forest and its impact on the Town. A special task force, headed by Representative Peter Forman, has developed a summary of goals which, when implemented, will improve on the deteriorating fire conditions within the State Forest.

At this time there are in excess of 56,000 devices connected to the municipal fire alarm system that automatically detect fire and transmit alarms by fire alarm box to Fire Headquarters.

NEW CONSTRUCTION

The first phase of the Rt# 44 Fire Alarm construction has been completed. The second phase will begin in early 1995, with the installation of new duct work.

NEW PLANNED CONSTRUCTION

In the planning stages for future reconstruction or expansion are: Long Pond Road from the new jail to Obery Street Court Street from the new WalMart to Cherry Street

The staff of the Plymouth Fire Department is dedicated to protecting the public safety and welfare of all residents and businesses.

The department would like to gratefully acknowledge the cooperation extended by other divisions and departments this past year.

Police Department

MISSION STATEMENT

The mission of the Plymouth Police Department is to provide for the safety of the public, the protection of life and property, to serve with integrity, to provide a well trained professional department to the public, to treat all members of the public and all employees with respect and to strive to ensure that the Plymouth Police Department is the finest law enforcement agency in the Commonwealth.

The Plymouth Police Department continues to strive to improve the quality of services provided to the public.

In 1994, the number of civilian Police Dispatchers was increased from 5 to 7.5. This desperately needed addition to the dispatch function provides the public with a more rapid delivery of services in time of need. The department continues to develop communication plans in anticipation of E-911 service which is expected to be installed in the new police facility, and which is scheduled to open in the early Fall of 1995.

During the past year, the department also re-examined the method of delivery of police services. This self evaluation led to changes in two significant areas. First, regular full time officers were assigned to foot patrol along the waterfront during the busiest months. The assignment of veteran officers to a regular foot patrol had a significant impact in reducing police related problems in the target area. The department received many compliments on the highly visible proactive police foot patrols. Secondly, the Park Police Division was totally reorganized. This was accomplished by furnishing these seasonal officers with a distinctive green uniform to define their role as eyes and ears for the regular patrol force, by increasing manning to provide coverage at more public parks and beach locations, by assigning Park Officers to fixed posts and by deploying regular Police Officers to patrol duty within the park and beach areas. All of these changes improved both the park and beach areas. All of these changes improved both the performance of the Park Officers and provided heightened visibility and service to the public.

Technologically speaking, this year saw the implementation of computerized photo imaging capability which captures and stores photographs electronically. Additionally, Phase I of the installation of lap top computers in patrol vehicles is underway. These computers will allow officers to not only obtain license and registration information, but will enable officers to check on wanted and missing persons and to actually write reports in the cruiser and send them electronically over the police radio into the computer at headquarters. Phase II should be completed in 1995, which will equip every patrol car with these devices.

Lastly, the department continues to constantly reassess its own performance in an effort to provide better service each day.

The following were hired as indicated during the year of 1994:

Name	Title	Date
Roy W. Ahlquist, Jr.	Police Lieutenant	5/11/1994
Peter M. Flynn	Police Sergeant	8/9/1994
James L. Burns, Jr.	Police Officer	7/1/1994
Allan Maughan	Police Officer	7/1/1994

Office of Emergency Preparedness

MISSION STATEMENT

A volunteer organization that become the hub of information for all town departments and the media during an emergency. Volunteer staff assist with shelters as well as supplying back up manpower for town departments. The safety of the citizens of plymouth is the primary reason for our existence.

During a natural or man-made emergency, the Memorial Hall office opens on a 24 hour basis until the emergency is over.

In 1994 the Emergency Operations Center was activated for a major natural gas leak. A shelter was made available to residents that had to evacuate, as well as school children that could not return to their homes in the immediate area of the leak.

The organization has been involved in the following events at various times during the year:

The various "walk-a-thons" for charities.

The Myles Standish bike race.

37

58

38 25

173

11

The Handicapped Picnic at Plymouth Airport.

The Hazardous Waste Collection Day.

The Fourth of July activities, both parade and fireworks.

The North Plymouth Santa Parade.

A dedicated group of 30 volunteers assist with traffic control, provide information to visitors, and help the Police and Fire Departments with communication, etc. In some cases, such as the Handicapped Picnic, help is provided to make the event as enjoyable as possible. Our town is, indeed, very fortunate to have these people and the office is very grateful for their help.

Harbor Master Department

MISSION STATEMENT

The mission of the Harbor Master's Department is to provide a safe and enjoyable experience to the public in and upon Plymouth's waterways. We are dedicated to the protection of life, property, and the natural resources of our town. We continually strive to remain the best Harbor Master's department on the East Coast.

We will continue to provide effective emergency responses, law enforcement, and safety inspections to make the waterways safe and enjoyable for people in this community and protect all of our natural resources for the enjoyment of future generations.

We will recognize and reward the best efforts of teams and individuals and continuously seek to improve, not only by doing things right, but by challenging whether we are doing the right things.

This department is committed to providing a positive, professional impact upon the people we serve and to continue headway toward initiatives that advocate the highest quality of life for residents and visitors of our community.

The Harbor Master's Department is responsible for many operations in the harbor area and throughout the Town, including:

Regulate all foot and vessel traffic on and around the harbor and pier area.

Responsible for protection of all vessels in the harbor and buildings on the pier.

310

Responsible for the protection of life and property on all waterways in the Town of Plymouth (Ocean, Ponds and Rivers).

Responsible for permitting all moorings, temporary floats/rafts and docks.

Responsible for all herring runs.

Enforce the following laws:

Chapter 90B—State Boating laws.

Chapter 102—Special Harbor Master powers.

Chapter 130—State Marine Fisheries regs.

Chapter 131—State Inland Fish and Game regs.

The Harbor Master's department has had a change of permanent personnel this year. Greg Tilly left to go back to his home state of Michigan and he will be missed. He worked for this department for five years and did any excellent job. Joe Ritz has taken over Greg's position and is doing a fine job. Joe had worked for this department for four years as a seasonal employees prior to his appointment as Assistant Harbor Master.

The Pond Patrol had a change of personnel this year as well. The department was sorry to see Ken Almeida leave as he had done an outstanding job for the last six years and had made a real difference with safety issues on the ponds. He was replaced by Mike Hull who did an outstanding job in continuing the program Kenny started. Plymouth is fortunate to have so many ponds and a very capable pond patrol to ensure that this resource will continue for years to come.

The party fishing and whale watching vessels had an excellent year, due partly to the fine weather we enjoyed all summer.

The dragger fishermen had a poor year, again, due to the decrease in fish stocks. Lobster fishermen had a very good year with prices holding at a steady level and a fall run of lobsters that was fantastic.

The weather was fine all summer and thre was not a serious storm until December when most damage was incurred at Brewster's Plymouth Marine's outermost docks.

The commercial shellfishermen have had an average year with demand good and prices high.

The department received a new 18' Ridged Hull Inflatable rescue boat powered by a 115 HP outboard in July. This vessel has proved to be a fantastic resource. It has been used in several rescues and it is in constant use day and night.

HARBOR STATISTICS 1994

Response to Medical Emergencies	13
Overdue Boat Calls	17
Boats Towed	107
Valuation of Vessels Rescued	\$2,140,000

Shellfish Permits	\$ 5,510.00
Parking Violations	\$ 8,900.00

Wi

Building Department

MISSION STATEMENT

The mission of the Town of Plymouth's Building Department is to enforce all applicable codes in order to ensure a safe environment for the community, along with presenting a caring and efficient team that understands the needs of the residents of the Town of Plymouth. Staying updated on all pertinent literature gives us the ability to provide professional and non-conflicting answers and information for the general public and fellow employees.

Over the last three years, the Building Department has seen a stabilizing effect in the amount of permits issued in a given year. This indicates that growth in Plymouth is starting to slow down. Although growth is slowing down, there is still a lot of activity going on, as well as a lot of new people moving into town.

The Building/Zoning Department is a multi-facet public safety department. This Department enforced regulation and issues permits for the following:

- 1) Building
- 2) Zoning
- 3) Wiring
- 4) Plumbing
- 5) Gas
- 6) Certify Places of Assembly
- 7) Handicap Requirements
- 8) Board of Appeals Decisions
- 9) Certify Schools

This department works very closely with the Board of Appeals in enforcing their decisions as well as helping the Board of Selectmen with information pertaining to all the licenses they issue. As everyone is aware, the last two years the economy has not been good. Because of this, there were many properties in Plymouth that were abandoned for one reason or another. As they buildings sat, they became a safety problem requiring this department to go in and board them up or tear them down. This was a new facet that never had to be dealt with before. This was handled, and it pleased many town residents. This department is currently working with the Selectmens office in enforcing the new ADA (handicap) regulations.

Over the years, this department has become one of the best building departments in the state. As a result, this department has been contacted by other town's

building departments for advice. In order for this to have been achieved, it took a lot of hard work by a number of people.

In ending, you should know that this department is an important aspect of town government. It encourages the citizens of Plymouth to address their questions and concerns at any time. This department works best protecting the citizens interest when the public is well informed.

BUILDING DEPARTMENT STATISTICS

	1993	1994
Total number of building permits issued	1,444	1,392
Total receipts from building permits	\$197,629.	\$139,358.
Total receipts from certifications	\$10,024.50	\$7,593.
Inspections made by the Building Inspector	3,737	3,640
Mileage of the Building Inspector	7,060	6,188
Zoning permits issued	1,526	1,569
Total receipts from zoning permits	\$12,320.	\$12,570.
Inspections made by Zoning Inspector	2,014	2,049
Mileage of Zoning Inspector	2,997	2,651
Total receipts from wiring permits	\$37,325.50	\$31,940.
Total number of wiring permits issued	945	961
Wiring inspections made	1,910	1,862
Mileage of the Wiring Inspector	12,604	10,427
Total receipts from Plumbing/Gas Inspector	\$53,894.	\$59,503.
Total number of Plumbing/Gas permits issued	1,429	1,610
Plumbing/Gas Inspections made	2,760	2,871
Mileage of Plumbing/Gas Inspector	2,534	2,095

NOTE: Figures for mileage are from the use of the Inspector's personal care only, not included is the mileage on the town car. Also the Alternate Inspector does not receive mileage.

DEPARTMENT OF PUBLIC WORKS

Administration

MISSION STATEMENT

The Department of Public Works' mission continues to be that of coordinating all working and planning for Public Works projects within the community.

This coordination with the divisions will encourage the most efficient utilization of resources and allow us to act as the liaison between the divisions and the public, and/or other public agencies.

This office will facilitate programs for staff development, and work closely with the DPW Safety Committee. We will also encourage and assist in the establishment and implementation of Quality Improvement Teams within each departmental division.

50.

The Department is pleased to announce that the Town has been awarded two \$100,000 grants to construct two salt storage facilities in the Town of Plymouth. Construction of these facilities will be completed for next winter and will provide the Town with a new dimension in its snow fighting efforts.

This Department continues to work with the Town's wastewater consultant, Camp, Dresser & McKee, to complete the draft Wastewater Facilities Plan and Environmental Impact Report by April 1, 1995. The report has looked at the Town's wastewater needs over the next twenty years. Having determined the need to be three million gallons per day (MGD), the treated disposal options had to be analyzed. A detailed analysis of wastewater treatment and disposal alternatives was performed to put the best plan forward for the Town.

The construction of the Route 44 relocation project has progressed very well over the last year, with the Phase I schedule to be completed in the Fall of 1995 and Phase II, Cherry Street/ Industrial Park Interchange, scheduled to start construction in the Spring of 1995.

The Town of Plymouth has begun a new road construction program to make improvements to private ways. The continuation of this program over the next several years will provide a benefit to all residents of the Town of Plymouth.

The first Water Storage Tank in Cedarville will be under construction over the next several months and is scheduled to be in service during the Summer of 1995.

The Department of Public Works would like to express its appreciation to all town employees who have worked for or with the Department over the last year.

Cemetery Division

MISSION STATEMENT

The overall purpose of the cemetery division is to provide the community with the best possible service and care.

The division would like to be recognized as an efficient and resourceful division who believes in being helpful and friendly to its customers.

The staff has an obligation to all customers (families and friends of the deceased, town employees and the public) to work together to keep the cemeteries as neat and clean as possible.

There are 33 known cemeteries in the town of Plymouth.

The D.P.W. Cemetery division maintains and services sixteen town owned cemeteries and ten other cemeteries with veterans buried in them.

A total of 130 graves were sold in four cemeteries.

Vine Hills	80
Oak Grove	2
Manomet	27
Chiltonville	32

There was a total of 174 interments in eight cemeteries. Twenty-one of these were known veterans.

The cemetery division installed 53 foundations for head stones (monuments)

Vine Hills	35
Oak Grove	3
Manomet	11
Chiltonville	3
Cedarville	1

The cemetery division installed 17 veteran markers.

Vine Hills	10
Oak Grove	2
Manomet	2
Cedarville	1
Chiltonville	3

This division repaired over 24 damaged grave stones/monuments this year.

Vine Hills	11
Burial Hill	4
Manomet	1
Oak Grove	8

The division wishes to thank all of the other D.P.W. divisions for their help during the past year.

Engineering Division

MISSION STATEMENT

The mission of the Engineering Division is to provide quality engineering services and technical support for the Town of Plymouth, its residents, agents and providers; to establish an atmosphere of courtesy, efficiency and dedication, while maintaining a professional work environment which will foster, encourage and nurture personal excellence, leadership and growth.

The Engineering Division staff and housing remained at previous years' levels in 1994. A modest increase in workload was handled very nicely while maintaining the established level-of-service. The acquisition of a total station, an electronic theodolite, enabled the division to streamline field data collection procedures. These procedures, coupled with quick turnaround design techniques, contributed to the success of the first phase of the Private Ways Improvement Program. Similar techniques are being applied to the street acceptance program with a rather dramatic increase in roadway layout length anticipated.

A summary of 1994 activities includes:

eful

A. ASSESSOR MAP REVISIONS:

796 parcels on 58 maps;

B. STREET ACCEPTANCES (8):

The division thanks all those who have provided support and assistance during 1994. The quality of service is very dependant on the input of many others.

Highway Division

MISSION STATEMENT

As a Division of the Department of Public Works, the mission of the Highway Division is to provide for the construction and maintenance of Town accepted roadways and sidewalks as well as limited maintenance of private roadways. In the interest of maintaining the highest level of safety to the public, the Highway Division is also responsible for the Town's rapid response to adverse weather conditions, especially in the winter.

General construction and maintenance responsibilities of the Highway Division include asphalt application on accepted roadways and sidewalks, brushing, roadside mowing, line painting, basin cleaning, street and sidewalk sweeping, municipal rubbish pickup, litter pickup, drainage, retention area cleaning, grading and calcium application on dirt roads and all signage on streets and parking lots.

It is because of the vast assortment of services that the Highway Division provides that it is able to assist all other Divisions in the Department of Public Works. Therefore, to insure the continual improvement of the quality service and efficiency of the Division, educational materials and classes in numerous areas are available to all employees.

STREET CLEANING

tart:

In mid-April, 1994, two mobile sweepers started cleaning winter sand. The main roads, Main Street and the waterfront are swept daily during the summer months and every other day the rest of the year. The side streets are swept in rotation. The second sweeper serviced Manomet, Cedarville, Chiltonville, Long Pond, Buttermilk Bay and private developments.

DRAINAGE AND DRAINAGE MAINTENANCE

Repairs and installations were made to numerous catch basins in all areas of the town.

The cleaning of drain lines and several retention areas was also completed during the year.

To alleviate drainage problems, systems were installed at the following locations:

#508 Bourne Road Columbia Circle

Driftwood Lane Wood Street

Standish Ave.

Musket Road

October Lane

Morton Park

Black Cat/Billington St

Thrush Ave.

Stoddard St.

Sandwich St. (small area by one location)

FENCES AND GUARDRAILS

Fences, guardrails and cement posts were repaired and painted. Sections of guardrail were replaced at various locations throughout the Town.

ASPHALT SIDEWALKS

Sidewalks were repaired at locations throughout the Town. The work was performed by Highway Division Personnel as well as P.A. Landers, Inc.

HIGHWAY CONSTRUCTION AND RECONSTRUCTION

Paving work was completed by Bardon Trimount at the following locations:

North St.

Middle St.

Bayshore Dr.

Market St.

Russell St.

Point Rd.

Sandwich Rd.

Summer St.

N. Spooner St.

Vernon St.

Bourne Rd.

Piver St.

Bourne Rd. River St. Clyfton St. Chilton St. Industrial Park Cherry St.

Town Wharf/Parking Lot Cemeteries-Plymouth & Manomet

PATCHING OF TRENCHES

The infra-red heat patching of streets at various locations was completed by Felix A. Marino Co., contractor from Peabody.

PRIVATE ROADS

Repairs with funds allocated at Town Meeting are spent under the direction of the Board of Selectmen. Repairs on private roads included grading, graveling, patching, paving and drainage work. Paving has begun on the following roads: Colony Beach Blvd., Buttonwood Lane, James Circle and Grasshopper Lane.

TRAFFIC AND STREET MARKING

Markings, Inc., painted center lines on various streets throughout the Town.

Parking areas, meter spaces, stop lines, school zones, directional arrows, handicapped areas and crosswalks were painted by personnel in the Highway Division.

Many signs were made and installed during 1994. A great expense to the Town is replacing signs which are vandalized, stolen or destroyed by accidents. Included in this Division, is the constant maintenance of the Traffic, Warning and School lights.

MISCELLANEOUS

The work in the Manomet, Long Pond and Cedarville areas have been carried out satisfactorily.

Other work done by the Highway Division included patching of roads, sidewalks and roadside mowing, grading and graveling dirt roads, installing and removal of snow fence; application of calcium chloride on dirt roads; replacing parking meters; plowing and sanding; rubbish pickup; removal of tree stumps; patching and pumping of poor drainage areas. The basin cleaner cleaned out catch basins from March to December.

Requests from the public, Selectmen's Office and Office of the Department of Public Works were taken care of by this office.

This Division wishes to thank all other Division heads as well as all the employees of the Highway Division for the cooperation given during this year.

Maintenance Division

MISSION STATEMENT

The mission statement of the Maintenance Division is more of a support role, with minimal direct contact with the general public. Although service, communication and cooperation are of the Divisions top priorities, it is more of an internal service or support role than an external service directly to the public that this Division upholds. The Division provides mechanical support for all Town owed vehicles and buildings, the operation of which directly affect the public in the services which they could provide. The Division is an important segment of the Department of Public Works in that sense. The Town owned vehicles and buildings which are the Maintenance Divisions responsibility, are the vehicles and buildings in which and by which all other divisions/departments of the Town utilize to accomplish their work. Our endeavors reflect in the departments within these buildings.

The fleet of vehicles maintained by the Division total approximately 150 units consisting of sedans, trucks, trailers and an assortment of other equipment such as pumps, sanders, and compactors. The Police Department vehicles are also maintained by this Division. With four mechanics and a maintenance man to perform the task of repairs, this segment of the Division is kept very busy. In addition, with the economic climate being somewhat down sided, the Town has been unable to provide vehicle replacement in the annual Capital Outlay Program. The end result has proven to be both costly and time consuming especially in the area of labor and materials for chronic repairs.

The Maintenance Division provides services for approximately 25 buildings. These buildings range in size from the Town Office Building, being one of the largest, to Pumping Stations, being one of the smallest. Three Building Craftsmen perform all types of repairs on and within these buildings, making adjustments and improvements as necessary. The Division prides itself on performing most of the needed repairs and maintenance by its trained in-house staff, helping to keep the cost of these services down. The Division recognizes the level of quality of the work performed by these individuals, as they are an asset to their Division.

Park and Forestry Divisions

MISSION STATEMENT

The purpose of the Park Division is three-fold.

1. To provide and maintain safe recreational facilities, and,

- 2. to provide and maintain aesthetic and environmentally functional areas which enhance our citizen's current and future needs, and,
- 3. to plan and promote further recreational facilities, both passive and active, which reflect our citizen's current and future needs.

The purpose of the Forestry Division is to plant and/or maintain public shade trees along the town's public ways and on public land. These trees serve our citizens in many ways including:

- 1. providing summer shade which helps cool our living and working environment, and,
- 2. helping to reduce air pollution and,
- 3. adding to the aesthetic quality of our town, now and for the future.

These goals are best achieved through a spirit of professionalism throughout all levels of our divisions. This approach to our tasks relies on communication, idea exchange and mutual respect from all within the divisions. Once this process is in place, the expertise and knowledge of the Park and Forestry Divisions can be used to serve other municipal departments as well as providing for our citizens needs in these two areas of responsibility.

This year's report begins as the past two year's reports have started. Another powerful coastal storm causes damage to Plymouth Beach. A northeast storm in December 1993 caused a serious washover on the barrier beach which had been repaired in both the Spring of 1992 and 1993. There was also substantial damage done to the main parking lot requiring Eel River to be dredged again and the parking lot reconstructed. Funds for these repairs were appropriated by the Special Town Meeting in April so that the areas could be ready for the summer season. The sand fence replacement was done by the men in the Park & Forestry Divisions during the winter months. The Highway Division also assisted in these repairs with personnel and equipment. Replacement of all the sand fencing at Taylor Avenue Beach was also made during this time.

The Aubrey report concerning Plymouth Beach was completed this year and outlines both the historical evolution as well as long term management alternatives for the continued strength of this very important barrier beach. The primary recommendation of this report is for a sand nourishment project to be done along the stone dike which parallels the beach road including the area where storm washovers have occurred the past three years. The project area which is located in the southern third of Long Beach would be between 3,000 and 6,000 feet in length and

involve from 270,000 to 540,000 cubic yards of sand to be used as a beach fill as well as a dune system. It is estimated that this project would help protect the barrier beach for at least ten to fifteen years. The Town will be pursuing the Aubrey report recommendations with state and federal agencies over the next several months in an effort to plan, design and fund this work.

The planning of new recreational areas continued this year with the Park Division being represented on the Recreational Facilities Planning Team. This team, with members from the various leagues, village center steering committees and the Town's Recreation Director, worked throughout the year on a needs assessment and planning strategy for the development of recreational facilities at the West Plymouth, Briggs and Forges Field sites. There can be no questioning of the fact that the Town's citizens of all ages need many more facilities for recreation than is presently available. It is hoped that these areas, with a combined total of approximately 230 acres, will serve these needs through timely funding and construction.

The landscaping improvements to the Middle Street parking lot were completed this year by personnel of both the Park and Forestry Divisions. These improvements include the planting of trees, shrubs and grass and the installation of fencing, benches and rubbish receptacles. This area is an important connector between the waterfront and downtown district and has certainly been enhanced by this work.

Throughout this year the maintenance schedule for the Park Division included mowing, trimming, ballfield repair, painting, weeding, playground equipment and building repair, beach work, rubbish pickup and all other work necessary on approximately five hundred acres at nearly fifty locations. As the division takes on added responsibilities it becomes increasingly more difficult to maintain town facilities at an appropriate high level.

Several improvements in Morton Park were completed this year through Eagle Scout projects. Problems with surface water runoff and erosion into Billington Sea and Little Pond were corrected as well as the debris cleanup and trimming of growth along a portion of Town Brook to help the flowage. These kinds of projects not only benefit the Town but hopefully help educate those scouts as to the reasons why a project is necessary and what it takes to remedy conditions that are impacting the Town's natural resources.

The Forestry Division personnel had a very productive year with the continuing public shade tree planting program which helps to ensure future generations that the Town's public ways are aesthetically and environmentally benefitted.

R

Also the pruning and trimming of trees along several streets was completed as were several removals of hazard trees. The Division has also continued to

provide input and guidance to private contractors and developers to promote unthe derstanding of the importance of trees in our environment.

The personnel of the Park and Forestry Divisions would like to thank those other D.P.W. divisions that have assisted in its work this year. The continued cooperation of the Recreation Department, Conservation Commission and Planning Department are also very much appreciated as all strive to better the service to the community.

Sewer Division

MISSION STATEMENT

Sewer Division personnel, through the teamwork of the Plant, Collection Systems and Lab staff, strive to protect the environment by minimizing health/pollution risks while effectively meeting the criteria imposed by EPA/ DEP in a professional, cost effective manner to service the needs of the taxpayer and foster their respect of the employees.

During the calendar year 1994, Sewer Division personnel endeavored to meet the compliance requirements mandated by both the Federal and State governments.

Through contract, the Town videotaped and inspected approximately 4000 feet of sewer pipe and insituformed approximately 3400 feet of sewer pipe to eliminate inflow and infiltration.

In March, 1994 the installation of the new aerator turbines and electrical equipment was completed as part of the plant upgrade for the Correctional Facility tie-in which was connected in June 1994.

In addition, the Town oversaw the installation of new manholes and sewer bypass lines on Nook Road to handle the additional flows from the prison and to eliminate overloading the existing sewer line.

In conjunction with Governor Weld's Water Quality Awareness Week, a well attended Open House was held at the Wastewater Treatment Plant on June 8, 1994, giving the residents of Plymouth the opportunity to see first-hand how wastewater is processed and treated and how it is discharged to the ocean.

Additionally, the Sewer Division also sponsored a poster contest for grades clean water." All posters received were displayed at Town Hall, where ballots were cast to choose the local winners who were eligible to receive Savings Bonds donated by the Town's AFSCME Union Local 2824. Posters were then sent to the MA Water Pollution Control Association to be entered in a state-wide contest. Personnel from the Sewer Division also made presentations for any classes in the schools who requested them.

Sewer personnel cleaned, rebuilt, maintained, painted and repaired all pumps and motors within the wastewater system through the year.

Annual sampling and inspections of those industries permitted under the Town of Plymouth's Industrial Pretreatment Program were completed in compliance with the Attorney General's mandated Pretreatment Program in accordance with the Environmental Protection Agency's rules and regulations 40 CFR 403. The Board of Selectmen and EPA approved new technology based local limits for the Town in February 1994.

As required by the Attorney General's Interim Order, the Town and its contractor, Camp Dresser and McKee, have been addressing the issue of a new treatment plant facility. Phase I and II of the FP/EIR have been completed and Phase IIIA is underway. Meetings with the Citizens Advisory Committee have been held periodically.

The Sewer Division is continuing to work closely with the Health Department to locate failed septic systems within the Town by monitoring the pumping at the Night Soil Facility.

During 1994, the Wastewater Treatment Plant on Water Street treated 654,072,000 gallons of wastewater. This represents an increase of 63,726,000 gallons over 1993, or a 10.8% increase in flow. The facility treated a total of 4,243,895 gallons of septic waste in 1994, a 3.8% decrease from 1993. The septic flow was .65% of the total sewer flow.

The belt filter press processed 7,437,772 gallons of waste sludge, a 16.3% increase over 1993. The belt press processed 4975 cubic yards of sludge cake with an average of 18.05% solids which works out to 636.51 total dry tons of solids that were taken to the Manomet Landfill for disposal.

The month of December, 1994 brought changes to the Wastewater Treatment Plant with the retirement of Robert Reggiani, Collections Systems Foreman, after nineteen years with the Town and Paul Ernst joining the Division as Laboratory Technician and Pretreatment Monitor.

The Sewer Division wishes to thank all other departments for their assistance and cooperation throughout 1994.

MISSION STATEMENT

The mission of the Water Division is to provide the highest quality drinking water and fire protection at the lowest possible cost to the rate payers.

The goal of the division is to be recognized by the townspeople as one of the best departments within the town government. We understand that this can be achieved only if we operate on the principle that doing good work is its own reward. We must always be looking for ways to improve the quality of the water and the efficiency of the operation.

We must always try to make the customer feel important and try to respond to all customer inquiries and problems in a quick, efficient and courteous manner.

"Lead and Copper Rule," a subdivision of the Federal Safe Drinking Water Act of 1986 requires that all water suppliers ensure that lead and copper levels in the drinking water remain below a mandated level at the customer's tap. To that end the Water Division must institute a corrosion control program to offset the natural corrosivity of our water supply sources. The Ship Pond and Wannos Pond Wells in Manomet were modified to include corrosion control. This is accomplished by the addition of sodium hydroxide to the drinking water in order to raise the pH. The two new South Ponds Wells also went on line with corrosion control during 1994. At this time there are five wells currently receiving corrosion treatment (North Plymouth, South Ponds #1 & #2, Wannos Pond and Ship Pond). Four more wells must be modified during 1995 to come into compliance (Ellisville, Federal Furnace, Darby Pond and Bradford).

The new wells at South Ponds were completed and the pump station and water main were constructed and put on line June 27, 1994. The corrosion control was put on line in mid-September. This allowed the town to retire the South Ponds surface water supply and mothball the Lout Pond Station. Now all water supplied by the Water Division is well water.

The new Cedarville Storage Tank project began in November and the new tank should be in service by early July, 1995. This tank will greatly improve the fire flow protection for the southern end of our distribution system.

The total rainfall for the year was 50.07 inches as compared to 43.23 inches for calendar year 1993. The annualized average elevation for Great South Pond was 105.5 feet. The full pond elevation for Great South Pond is 106.0 feet.

The total pumpage from all sources was 1,864,251,800 gallons or 5,107,539 gallons per day. This represents a decrease of 29,394,900 gallons from last calendar year or a decrease of 80,534 gallons per day.

There was one major water main replacement project and a new water main installed by the Water Division personnel on Atlantic Street. The water main on Samoset Street from Royal Street to Mark Drive and on Westerly Road was replaced by the Massachusetts Highway Department as part of the Route 44 reconstruction. A property owner extended the 8 inch ductile iron main on Ellisville Road approximately 600 feet and another property owner installed a 6 inch main on Dunham Road.

There were no major pump failures during 1994. This can be partly attributed to the lightning protection that was installed following the problems of the previous year. The Federal Furnace Well was struck by lightning in June during a storm that also caused a water main break on Federal Furnace Road. The lightning resulted in the station being down only a few hours since we were able to reset the lightning protection with material in stock.

CONSUMPTION OF WATER

Estimated Population Served: 41,255 (est. 86% of Town) Total Yearly Consumption: 1,864,251,800 gals.

Council on Aging

MISSION STATEMENT

To pursue the goals set forth in Older Americans Act, Section I, Title 101, and to carry out the mandates for Councils on Aging established under Massachusetts General Laws, Chapter 40, Section 8b, Plymouth Council on Aging declares the following statement of purpose for the senior center's existence: to provide mobility to elders; to provide nutrition; to provide preventive health programs; to provide social and economic assistance; to provide educational programs; to provide socialization and recreation; to provide support for the homebound and to keep them out of institutions; to provide jobs and volunteer opportunities; to assist all who come with information and referral.

1994 was the year our state formula grant expanded by 54%. Thanks to the Weld Administration and the support given by Senator Therese Murray, Representative Peter Forman and other members of the Massachusetts General Court, our state grant increased from \$12,176 to \$22,263. This increased funding of the COA line item, enabled us to hire a clerical assistant to help in writing reports of programs and work with all staff. Karen Skiver, who had volunteered for several months, was chosen.

Program development through the efforts of Kathy Taber included establishment of a volunteer jug band, weekly Thi Chi classes and an alternative therapies seminar. Volunteer Barbara Kadish taught Low Impact Aerobics; Dori and Howard Sherman conducted classes in Line Dancing. Janet Enos expanded her exercise classes to the library and Memorial Hall with 400 unduplicated seniors participating in the course of this year.

Our Outreach Coordinator Rev. David Saylor left the agency to accept a call to pastor a congregation in Manchester, CT. Deborah Ann Marchesiani, BS, LSW, filled the position funded by Older American's Act, Title III-B. She developed individualized transportation with the assistance of volunteers Marian Wood and Gussie Waters. Debbie also coordinated the Shaw's bakery donation program sharing with COAs of neighboring towns. Vi Kessell, the Nutrition Site Manager served approximately 39,000 meals with her crew of volunteers. Other volunteers assisted Support Service Coordinator Carol Lifrieri who coordinated the delivery of approximately 115 home delivered meals per day.

Thelma Clark was hired to replace Bernadette Tarjick who retired from the Senior Aide program. Others working under this program, funded by Older Americans Act, Title V, include Barbara Grefe and Laura Gavoni. Elder Service Corps volunteers who assisted in the nutrition program include John and Lillian Ferrigno, Mary Boyle, Antonnette Scalabroni, Joseph Pourier, Al Richmond, and Leo McLoughlin.

One hundred and forty-eight volunteers who gave 29,475 hours of personal time to serve the needs of elders through the Council on Aging were honored during a luncheon at Isaac's Restaurant, on the Waterfront. Selectmen Linda Teagan; Assistant Secretary of Elder Affairs Lillian Glickman; Area Agency on Aging Administrator Patti Goggin; and Mary Ann Martin from the Boston Office Taxpayer Assistance Section were among our honored guests. Certificates of appreciation, signed by Governor William Weld, were presented to Attorney Robert E. Greenglass, Agnes Fernandes, Dorothy O'Brien, Grace Sykes, Ella Place, Lois Fleming, Sally Flood and Jean Estabrook.

The Council on Aging Dial-A-Ride program, operating under contract with the Greater Attleboro-Taunton Regional Transit Authority (GATRA) provided 21,863 rides during 1994, serving elders and handicapped residents of our town. Reimbursement to the town amounted to \$47,950.

The Board of Selectmen reappointed Harry Fox and Richard Hengst; and on September 20, appointed Harriet Fisher, Arline Russo and Cathy Cartmell-Sirrico to the Council on Aging. Walter Baker, Harriet Fisher and Arline Russo were designated to serve on the Old Colony Elderly Services Board of Directors; Walter Baker and Agnes Fernandes represent our town on the GATRA board; Christine Schembri, Richard Hengst and Cathy Cartmell-Sirrico serve on the Area Agency on Aging Advisory Committee. Chris Schembri was eleced Chairman of the Area Agency on Aging Advisory Committee. Genevieve Ash remained on the Governor's Advisory Committee on Elderly Affairs. Richard Hengst served on the COA Association of the Plymouth Area Board. Hope Cole remained on the Blue Cross/Blue Shield Advisory Committee.

Death took away several former staff members and participants. Among them: former senior aides Barbara Ruffini, Anna Powers and Adeline Anthony; and COA member Louise Poplosky. As a new generation of elders become staff and participants, the Council on Aging will not forget those who carried the torch of services to the town's elders in the past. To them, this report is dedicated.

Old Colony Planning Council Area Agency on Aging

The Old Colony Planning Council Area Agency on Aging is responsible for administering Title III funds under the older Americans Act. This federal funding enables the Area Agency on Aging to address the needs of elders in twenty-three communities in southeastern Massachusetts. Through the combined efforts of the local Councils on Aging, community service agencies and the Area Agency on Aging, Title III funds are used to develop and support a broad range of in-home and community-based elder services.

During fiscal year 1994, almost 13,000 elders in the region received in excess of 300,000 units of service, ranging from home-delivered meals to transportation services through the program. These services were provided through more than twenty local and regional social support programs and twenty-five Title III supported nutrition sites. The following service programs were funded in 1994 by the Area Agency on Aging:

- Senior center services
- Mental health assessment and counseling
- Homemaker, personal care and home health aid services
- Social day care/respite services
- Congregate and home-delivered meals
- Support services for deaf and/or blind elders
- Transportation services
- Emergency/crisis assistance
- Chore services
- Legal services
- Nursing home ombudsman services

The Area Agency on Aging Advisory Committee plays a vital role in the development and support of elder service programs in the area. The Advisory Committee, consisting of representatives from each of the 23 communities served, assists the Area Agency on Aging with assessing elder service needs, establishing funding priorities and selecting subgrantees to provide Title III services. The support and cooperation of the local communities and Advisory Committee is acknowledged with gratitude by the Old Colony Planning Council Area Agency on Aging.

Ga

100 AD

SW

The Old Colony Planning Council Area Agency on Aging meets regularly on the fourth Tuesday of each month at 1:30 p.m. at the Hanson Senior Center/Library.

Health Department

MISSION STATEMENT

To cooperate and work with support agencies, groups and citizens in an effort aimed at achieving quality health services and a safe environment in which to live and work. To strive to provide service by personal contact (One-on-One) whenever possible in order to establish and maintain a high credibility rating within the community.

Rabies has been rare in Massachusetts for decades. However, a rabies alert was in effect for the New England area for 1994 which prompted many people to call this office for assistance. Pansy Shaw, who had been the Animal Inspector for a year was promoted to Dog Officer for the Town of Plymouth. Frank Shaw was appointed to the position of Animal Inspector. Dogs and cats, six months or older, were vaccinated at clinics sponsored by the Health Department and with the cooperation of James J. Boswell, VMD of Pilgrim Animal Hospital. Three clinics were held in various locations throughout the town. Approximately 250 cats and dogs were vaccinated.

Plymouth Housing Authority

MISSION STATEMENT

The mission of the Plymouth Housing Authority is defined by Massachusetts General Laws Chapter 121B, and is created in each city and town in the Commonwealth, as a public body politic and corporate for the purpose of providing decent, safe and sanitary housing for eligible low-income families and elders. This mission includes acquisition, development, renovation or grant applications to specific programs designed for this purpose and funded by either the Commonwealth of Mass. or the Department of Housing and Urban Development.

Throughout 1994, the Plymouth Housing Authority continued its ongoing management responsibilities for the five elderly complexes and 46 family units under its management. The responsibility of the PHA for these conventional units includes determination of eligibility, day to day management, refurbishing apartments for occupancy, performing modernization or improvements to the facilities, routine repairs, snow removal and trash removal. The operating costs are determined by the PHA in an Annual Operating Budget, which is submitted and approved either by the Executive Office of Communities and Development (EOCD) or the Department of Housing and Urban Development (HUD). During the past several years, the Plymouth Housing Authority has been operating these facilities with little or no subsidy from either EOCD or HUD.

There are over 349 households under the PHA's Conventional Housing Program. In 1994, approximately 174 elders and 154 families applied for low income housing. These applicants were placed on the PHA's Waiting List and will await notification from the agency regarding determination of eligibility and placement. The Operating Budget for the PHA's Conventional Housing Program for 1994 was \$852,791.

In 1994, the PHA applied and received two Comprehensive Improvement Grants for one of its two federal developments in the amount of \$307,000. These funds provided the agency the ability to replace carpeting, re-shingle roofs, install vinyl siding, perform improvements to meet Section 504 requirements and install an elevator at an 82 unit elderly development.

Within the PHA's own Operating Budget, two family units were vinyl sided and renovations were made to an 81 unit state-funded elderly facility constructed in 1978. These improvements included replacement of wall covering, carpeting, drapery, reupholstering furniture and new signage. In addition, the PHA was able to repave parking lots and driveways at two elderly facilities.

The Plymouth Housing Authority also operates two Leased Housing Programs, known as the Massachusetts Rental Voucher Program (MRVP) and the Section 8 Housing Assistance Program. These programs provide rental subsidy to eligible low-income families and elders in housing units within the community. The benefit of this program is to avoid concentrations of low income families within a community. Elders and families authorized by the PHA rent from local landlords who receive direct payment from the PHA. The PHA currently has 358 elders and families under these two programs. However, both the MRVP Program and the Section 8 program is also operated by non-profit agencies funded by EOCD. The exact number of units assisted in the Town of Plymouth by those agencies is not available to the Plymouth Housing Authority.

In 1994, payments made to landlords participating under the MRVP Program (58 Units) amounted to \$437,861. Payments made to landlords participating under the Section 8 Program amounted to \$1,960,606.89 (300 units).

In 1994, the Plymouth Housing Authority provided rental assistance under these two programs only to families with federal or state preferences. Since the PHA has consistently seen a growing need for both families and elders who are either without housing or living in substandard or unaffordable housing, the PHA made an application to HUD for additional units. Plymouth Housing Authority was one of the few fortunate housing agencies in the state that received 50 additional units in 1994.

The PHA's performance rating by the Department of Housing and Urban Development for the 1993-94 period was 98.42%. The Plymouth Housing Authority received three awards in 1994. These awards were received in appreciation for the Plymouth Housing Authority's development of a Health and Housing Program utilizing Returned Peace Corps Volunteers who will live and work in public housing developments and provide assistance to families who need educational and job training assistance in order to move off government assisted programs. The program designed in cooperation with Boston University received awards on the State,

N.E. Regional and National level by the Association of Housing and Urban Development for Program Design and Administrative Innovation.

ing

10-

In 1994, the PHA worked cooperatively with the Plymouth Community Development Office by assisting in their HOME Program. The Plymouth CD office received funding for five units under this program, which were leased through the PHA office. In addition, the PHA received a grant of \$36,000 through the Community Development Office for a North Plymouth Stabilization Program. The grant provided funding for outreach to landlords and tenants in the North Plymouth area. With the cooperation and dedication of members of the North Plymouth Neighborhood Watch Committee, the PHA assisted in efforts to identify problems and needs in North Plymouth due to growing concerns by citizens in that area.

In December 1994, Renato Pedrini, an extremely dedicated and caring Board member of the Plymouth Housing Authority passed away. The depth of his spirit and his thoughtfulness to the well being of the citizens of the Town of Plymouth and to this Agency will be greatly missed. Nate served for nearly eleven years from 1984 - 1994. During that period, he consistently devoted his time and energy to this Agency and the community he loved. With his grace and quiet demeanor, he provided sound judgement and guidance to fellow Board members and the staff of the Plymouth Housing Authority. Nate will be long remembered in a very special way for his many contributions to the community, the residents and the Agency he served.

Plymouth Public Library

MISSION STATEMENT

The mission of the Plymouth Public Library is to select, acquire, organize, preserve and make conveniently accessible services and a collection of materials in various formats held in common by the people of Plymouth for their educations, cultural, recreational and information needs and interests. The library is an agent for all citizens in securing needed information and materials without bias or censorship; and to preserve and provide access to materials of current and historical significance to Plymouth and its geographic area. As an integral part of the municipal government, the library supports life-long learning and the reading enjoyment of the community.

During 1994 the Plymouth Public Library implemented a library planning process based on the planning and role setting procedures developed by the American Library Association. This activity was based upon <u>Planning and Role Setting for Public Libraries</u>. A Manual of Options and <u>Procedures</u>, <u>Output Measures for Public Libraries</u>. A

planning committee was established in October, 1993. Four sub committees were appointed: an executive committee, a budget committee, an operations committee, and an outreach committee. Each committee was composed of staff members, trustees and members of the community.

These committees spent the next several months collecting data concerning background information on the Plymouth community, community expectations for library service, current library activities, and library self evaluation. Based upon information gathered and the role setting exercises performed by the staff and trustees, roles for library service were chosen, a mission statement developed and goals/objectives/activities developed. The roles chosen for the Library, Reference Library, Popular Materials Library, Preschoolers Door to Learning, and Formal Education Support Center will guide library development into the next century.

As a direct result of the planning process the Library has developed a "team" framework; four teams addressing different topics based upon Total Quality Management. The Internal Customers, External Customers, Collection Development, and New Technology teams are designed to provide a support system for plan implementation. All staff, professional and non-professional, are taking part in this process.

Several personnel changes became effective during the last fiscal year. Grace Karbott has been appointed as Head of Outreach Services, Lee Regan has been appointed as Head of Adult Services, Martha O'Meara has been appointed as Library Associate in Youth Services, and Anne Bowdoin has been appointed as part time professional Reference staff. It is wonderful to have Anne rejoin the library staff; congratulations to all on their new job appointments.

Library circulation and service demands continue to grow. Once again the Plymouth Library was responsible for the second largest circulation in the Old Colony Library Network, surpassed only by the Quincy Public Library. Meeting room usage continues to be extensive. Adult and Youth Programming is extensive. Summer reading participation exceeded 1000 children, a new partnership for adult programming has been developed with the Philharmonic, and the Library has begun to participate in community events such as the Chamber of Commerce Waterfront Festival. Several members of the staff have spoken at regional and state library conventions and speakers bureaus.

The Board of Library Trustees held several highly successful fundraising events. A Night in the Caribbean (for mid winter fun), a community yard sale in the fall, and Murder in the Library (an audience "whodunit") were well received by the Plymouth Community. The Friends of the Library sponsored the annual "For the Love of Books" road race, supported TV turnoff week (which received coast to coast national attention), and provided endless hours of community service and support for the benefit of the Library and all residents of Plymouth.

Recreation Department

MISSION STATEMENT

The mission of the Plymouth Recreation Department is to provide quality recreational programs to the residents of the community; to promote fair play, teamwork, and clean living; to expand the scope of programs to include educational as well as physical activities; and to make the department a valued Town resource.

Is/

ry

nt

ry

The Recreation Department experienced another event-filled year in 1994. In addition to supervising the Town's lifeguards, parking attendants, playground instructors, swimming instructors, and the staff and programs of the Manomet Youth Center, a number of special events and activities were conducted.

During the winter months of January thru March, a youth basketball program was held at the Manomet Youth Center and at Indian Brook School, a field trip to Disney On Ice held at Boston Garden was again a sellout, a gymnastics program for Plymouth children in grades four thru six was conducted, and the annual Plymouth Area Youth Hoop Shootout Basketball Tournament was held at Memorial Hall.

The spring and summer months were especially busy as the department registered in excess of 5,000 youngsters and adults for the various summer programs including: swimming lessons, a variety of sports' clinics, summer basketball leagues for girls and boys, and the summer playground programs held at six sites in town. In addition the annual Walter Haskell Youth Fishing Derby was held at Morton Park in May.

During the fall the annual Halloween Party was held at Memorial Hall and the department was very much involved in the creation of a Recreational Facilities Master Plan which will be presented early in 1995. The Recreational Facilities Planning Team was formed by the Board of Selectmen in November, 1993 and has been given the task of developing three potential recreational areas. Namely, a 90 acre portion of the Briggs property in Manomet, approximately 100 acres of the newly acquired Forges Field property, and 40 acres on South Meadow Rd. in West Plymouth.

The Recreation Department would like to thank the many departments and individuals who have given assistance with the numerous activities conducted.

Veterans Services

inte

MISSION STATEMENT

It is our mission to assist with dignity those who have served their country during wars and crises and find themselves in economic or medical need. In all our contacts with these applicants and their dependents, we shall make every effort to understand and take into account their emotional state, apprehension to disclose personal information about themselves and their families. We must protect the confidentiality of all information provided.

It is our utmost intent and obligation to treat all applicants and their families with courtesy, dignity and respect. All alternative resources available should be fully explained and offered to them. Veterans have earned the right and privilege to avail themselves and their dependents by qualification, whatever benefits are offered them by law. All Veterans Agents and Directors are required to explain to applicants the language and meaning of all statutory and regulatory provisions, and administrative procedures governing the application process.

During 1994, 94 new claims were filed with the Department of Veterans' affairs. The office successfully received awards totalling \$510,768 which are being distributed to local veterans, their dependents, gold star parents, and widows of war-time veterans. These funds are provided by the federal government at no cost to the town, and dramatically reduces the town's annual budgetary appropriation with which we assist veterans.

The above mentioned \$510,768 is in addition to the \$4 1/2 million received annually by our veteran population. It is the responsibility of the Director to oversee all the activities involved and make financial reports to the Federal government.

With more than 270 Directors/Agents representing 351 cities and towns in the Commonwealth, Mr. Gomes was selected "Agent/Director of the Year." At our annual conference and seminar a beautiful plaque was presented on June 22, 1994. On November 8, 1994, he received notification from the Governor's and Executive Office of Elder Affairs that he had been chosen as a delegate to the White House Conference on Aging. The conference will be held in Washington DC on May 2nd through May 5th, 1995. In Massachusetts, 353,000 Veterans are over the age of fifty-five.

The Department of Veterans Affairs operates the nation's largest centrally managed health care system. It operates 171 medical centers and over 300 clinics nationwide. it employs 240,000 professional, technical and support personnel. It

provides 24 million outpatient treatment visits a year. Veterans Affairs conducts an internationally renown research program annually.

1994 marks the 50th anniversary of a most important piece of legislation affecting veterans. On June 22, 1944, President Franklin D. Roosevelt signed the "Servicemen's Readjustment Act," better known as the "G I Bill of Rights." It has provided billions of dollars in education, training, home loan guarantees, rehabilitation, and job finding assistance.

On June 14, 1994, Governor Weld signed into law, Chapter 42. This act designated a certain bridge on South Street, Plymouth in recognition of four men who made the supreme sacrifice during WWII. These men were: 2D LT Gilbert H. Freeman, U.S. Army, CM/3C Amerigo Scagliarini, U.S. Navy, PFC James F. Mansfield, U.S. Marine Corp, and SGT Joseph J. Sirrico, U.S. Army. At least 70 men from South Street served their country during WWII.

The department of Veterans Services wishes to express its thanks and appreciation to Mary E. Zacchilli and Mary Ann Veiga for their cooperation and assistance.

rs

PLYMOUTH AIRPORT COMMISSION

nat

has

AW

the "Ci

Jr.

MISSION STATEMENT

To promote, foster, advance and improve the common interests and conditions of general aviation in this community and in the local area.

To promote aviation as part of a national transportation system and provide this system throughout the Commonwealth of Massachusetts.

To promote a location for flight schools, avionics shops, maintenance facilities and to enhance the safety of flight as directed by the Federal Aviation Administration and the Commonwealth of Massachusetts, along with local rules and regulations governing flying operations.

The Plymouth Airport Commission continued to have a successful year in the operation of Plymouth Airport. With the combined efforts of the Federal Aviation Administration (FAA) and the Massachusetts Aeronautics Commission (MAC) the Commission was able to obtain an Airport Improvement Program (AIP) grant in excess of \$350,000. With this, a new East Ramp was constructed, along with excellent improvements in the safety area for Runway 24. A major taxiway was reconstructed along with asphalt over-lay improvements to many areas throughout the airport. The Commission obtained a second AIP in the amount of \$125,000 to complete a Phase II of an Environmental Assessment (EA) to extend Runways here at the airport (runway extensions have been in the planning stages at the airport for over 15 years). Other major projects was the complete installation of an Automated Surface Observation system (ASOS), this station reports weather by the minute and is an excellent asset to the flying public and can be very valuable to the community as a source of current weather conditions. Also installed were Runway End Indicator Lights (REILS) for Runway 24, these are an excellent aid for low visibility and night landing at the airport. The Commission is continuing it's effort to comply with all the environmental regulations and Public Safety as it works toward upgrading the airport Fuel Farm System and works on a Facility Plan for treatment of septic/sewage here at the airport.

Plymouth Municipal Airport continues to be the home of over 170 aircraft and 16 very viable businesses. There are in excess of 125 full-time persons employed at the airport in many different aviation occupations. As the mission statement says the department does its best to promote the airport as part of the nation's transportation system. There are corporate aircraft here that support the business community along the South Shore. As one might expect flying is to condense space and time. Some of the corporate aircraft can be in Florida in two and one half hours, they fly from here to Dallas, Texas in six hours. Flying is an integral part of many

activities throughout these United States, and Plymouth Airport is a part of this national system.

Other significant notes for the airport are to welcome aboard Richard Carrara and Marshall N. Cater who constructed a new hangar at the airport. Lawrence Ellis has completed al full year operating the snackbar/restaurant here. The airport staff was awarded the American Association of Airport Executives (AAAE) President's Award for their snow removal efforts during the Winter of 1993-94. David Woodward completed an Eagle Scout Project by planting trees along the fence line abutting the entrance to South Meadow Village. Chester Motyka was named the annual "Citizen of the Year for the Plymouth Airport." Mr. Motyka and his wife Sylvia made many significant contributions to aviation and flying over the past 30 years. The Plymouth Aero Club with the assistance of the airport management and staff had a very successful, "Airport Funday 1994". Our current Chairman Walter E. Morrison, Jr. is completing his 18th year as an airport commissioner. Commissioner Roland Bolduc is not far behind completing over 16 years on the Commission. Much of the success of Plymouth airport is due to volunteer Commissioners, who do have the success of the airport and the interests of the people of the Town when making the decisions for the airport.

On a sad note the airport did lose three of its favorite pilots and ardent supporters of Plymouth Airport. One can not say enough about John J. Petrell. Mr. Petrell was a long time businessman in the Town of Plymouth. It was through his efforts that an airport exists in Plymouth today. Mr. Petrell was often considered "hard-nosed", however those that really knew him say he was, "a diamond in the rough." He was an aviator when people only really dreamed of flying, and he served on the Plymouth Airport Commission from its beginning until 1969. He will be missed by many in the Town of Plymouth and especially in the aviation community. Mr. Walter Frisbee, from Pembroke, MA long associated with the airport over the years passed away. Mr. Leo LeFort, a resident of Plymouth, who was associated with Yankee Aviation Flight School as their Chief Pilot and an instructor passed away also.

)n-

m.

and

In closing, there is still an open invitation to visit your local airport. The Plymouth Airport Commission is particularly proud of this facility. For those interested in the airport self-sufficiency this should be a reality this coming year. Erstwhile Administrative Secretary, Jeanette White, along with other staff members, have given many tours of the airport to Scout groups and school children as the airport has become a place to visit. The invitation is still open to all.

PLYMOUTH SCHOOL DEPARTMENT

BELIEF STATEMENTS

- * All children can learn
- * All children do not learn in the same way.
- * All children need to experience success in order to learn.
- * All children deserve positive recognition.
- * Learning best occurs in a safe, nurturing and stimulating environment.
- * Children learn best when they are active participants in the process.
- * All children have the inalienable right to excellent educational opportunities.

MISSION STATEMENTS

- * Create an environment which encourages and guides the social, emotional, physical and educational development of each child.
- * Foster student and staff responsibilities and respect for self, all other people, societal needs and local and world environments.
- * Recognize and use to the fullest the rich diversity and professional skills of the staff by structuring an environment which encompasses risk-taking, critical and creative thinking, innovations, experimentation, personal responsibility and shared decision-making as a meaningful part of the process of facilitating learning and growth for all students, staff and other citizens in our school community.

As in past years, accomplishments of the students of the Plymouth Public Schools during the 1994-95 school year clearly reflect the continuing efforts of the Town to provide excellence of educational opportunities for all students.

Specifically:

1.0 Student Testing

- 1.1 Plymouth students again have scored well above average on Nationally normed achievement tests (CTBS-4 and CAT-5 at grades 1, 3, 5, 7 and 9).
- 1.2 For the second year in a row, all eligible Seniors passed Basic Skills Testing in Reading, Writing and Mathematics which is a Plymouth Public Schools graduation requirement.
- 1.3 The 1994 Massachusetts Educational Assessment Program (MEAP), comparing all of the communities in Massachusetts, resulted in Plymouth scoring above or well above State averages in 12 out of 12 instances with notable strengths in written expression and inferential reading comprehension. (Grades 4, 8 and 10 in Reading, Math, Social Studies and Science).
 - 1.3.1 Grade four students at South Elementary School scored higher than the State average in all academic areas tested.
- 1.4 The same percentage of students (62%) took the SAT in 1994 that did in 1989, yet their scores were 7 points higher in the Verbal Section and 25 points higher in Math than five years ago.
 - 1.4.1 The SAT Mathematics average of 474 was the highest average in Plymouth in the past eleven years.
 - 1.4.2 A perfect score of 800 on the SAT Mathematical Section by a member of the Class of 1995 was achieved.

1.5 Advanced Placement Examination

- 1.5.1 Five Plymouth students were named "AP Scholars" by The College Board by virtue of their scores on three different AP Exams.
- 1.5.2 Over sixty-seven (67%) of all seniors taking the AP Exams received college level credit. (One percent over last year).

2.0 Student Academic Awards and Achievements

2.1 Mathematics Team

all

2.1.1 Plymouth North High School (PNHS): Placed first and second (first two competitions) in the Southeastern Massachusetts Mathematics League.

2.2 National Merit Awards

- 2.2.1 Plymouth North High School (PNHS) student was semifinalist in the National Merit Scholarship.
- 2.2.2 Plymouth South High School (PSHS) had three students National Merit Letter of Commendation Winners

2.3 Voice of Democracy Contest

- 2.3.1 Plymouth South High School (PSHS) had First, Second and Third Place winners.
- 2.4 Plymouth South High School (PSHS) student's work published in a national Latin newsletter.
- 2.5 Chancellor's Award-University of Massachusetts, Amherst to a Plymouth South High School (PSHS) senior.

2.6 Technical Studies

- 2.6.1 Plymouth South High School (PSHS) had Second and Third Place winners, and two Honorable Mentions, in Cake Decorations at Rhode Island cake show-Vocational High School Division
- 2.6.2 Certificate of Excellence in Automotive Technology from Goodyear to a Plymouth South High School (PSHS) senior.
- 2.6.3 Twelve Plymouth South High School (PSHS) students awarded VICA Leadership Award Pins
- 2.7 Fourth grade class at Cold Spring School was First place winner in the United States Environmental Protection Agency's Earth Artists Program for the second year in a row.
- 2.8 Chapter 1 testing NCE gains at every Chapter 1 school exceeded State requirements for growth.
- 2.9 Fifth grade student scored in top 10% in the John Hopkins University Center for Talented Youth

- 3.0 Athletic Accomplishments during the Fall and Winter sports season
 - 3.1 Cross Country
 - 3.1.1 Boys: First place in Old Colony League; First place in Eastern Mass meet (undefeated); Second place in League meet. First place individual runner in the State and went on to the Nationals
 - 3.1.2 Girls: First place in Atlantic Coast League
 - 3.2 Girls Basketball

the

3.2.1 First place in Old Colony League

The Vocational/Technical Studies program of Plymouth South High School has initiated its first annual program of building a private residence for a citizen of the Town of Plymouth. Students from the carpentry, electrical and plumbing shops are presently involved in constructing a private one family house of approximately 2800 square feet located on Harborlight Drive. Hopefully, each year a new project will be selected for construction as part of the regular Vocational/Technical Studies program.

The Plymouth Public School system continues to grow. Presently the school system is severely overcrowded. During the November election the School Committee placed a question on the ballot to build a new 1000 student middle school which failed. The School Committee also purchased six (6) modular classrooms located at Indian Brook School to temporarily help ease the overcrowded conditions at that school.

The Plymouth Public Schools are gratified to know that the Town's efforts to provide excellence in educational opportunities for all students appears to becoming more and more a reality as evidenced by the performance of its students.

It should also be noted that many staff members of the Plymouth Public Schools have also received special recognition and awards during the past school year.

OTHER BOARDS AND COMMITTEES

Fina

Bo

Advisory and Finance Committee

The 1994 Annual Town Meeting ended after seven marathon sessions, setting the course for the community for Fiscal Year 1995 and beyond. In June, Town Meeting came together one more time to review seven articles. These articles supplemented several departmental budgets and approved funding for a new animal shelter. The recommendations made by the Advisory and Finance Committee fared well at both of these meetings.

The Selectmen chose to use 0% of the allowable 2.5% increase under Proposition 2 1/2 for Fiscal 1995. This decision by Selectmen occurred just before the Annual Meeting, forcing the Finance Committee to either follow the Selectmen's lead or remain independent. The Finance Committee chose to remain independent and reviewed requests for budget expansions.

The Advisory and Finance Committee lost a significant number of members during 1994. This change in membership gave rise to criticism of the committee by several groups around town for it's lack of experience. Manny Fontes, the most senior member, elected not to return after many years of service. Manny's wisdom and experience was quite valuable to new and old members and will be sorely missed. Thomas Maloney resigned after his successful bid for Town Meeting Member. Tom's service to the committee as a member and as Chairman should also be commended. The committee lost several more members prior to the close of calendar year 1994, but the new faces stepped in and the Advisory and Finance Committee continued as if nothing had changed. What this committee lacks in its knowledge of municipal finance, it makes up for in its dedication and concern for the town.

The fiscal year started with several large projects facing the town. The need to build a new school was still present, as was the need to deal with the sewage system. These two projects are seen as heavy debt burdens to the town. As the year progressed, several more projects started lurking on the horizon adding to the funding pressures placed upon us. In November, the voters voted against an override and debt exclusion, which would have funded and built the new school.

Once final State Aid figures had been received and all adjustments made, the Fiscal 1995 budget as approved by Town Meeting was below the goal set by the Selectmen. The Town also saw new growth a "free cash" certified at levels higher than estimated. This good financial position allowed Town Meeting to make several budget supplements and purchase the Talcott property at the November Special Town Meeting. The Talcott property purchase was designed to deter residential development in this area of town.

FY94 being closed to history with the publishing of this town report and FY95 stable until the April Special, the time has come to look forward to FY96. The Finance Committee met with the Selectmen and School Committee to set a budget policy for FY96, to ensure that all committees were working toward a common goal. The consensus was to again strive for a 0% use of the allowable 2.5% increase in the tax levy. This goal allows the town to stabilize the amount paid in taxes by property owners and continue to deliver quality services to the citizens of Plymouth and those that visit us each year.

Animal Shelter Building Committee

In February the committee approached the Board of Selectmen with a Land Acquisition Proposal. The parcel of land located in Cedarville was approved by the Board at that time.

en-

m

n.

VI-

With land secured, the next step was having the committee's charge changed from Animal Shelter Land Acquisition Committee to Animal Shelter Building Committee. The committee appeared before Town Meeting in April and was approved to continue with it's goal as a Building Committee.

The following months were spent seeking estimates from local contractors to give the Committee an idea of total costs for the project. In May, Selectmen Eugene Lane became Liason to the committee and was a tremendous asset as the committee prepared to go before Town Meeting in June with a request for town funding.

The committee's request for funding was approved by the Board of Selectmen, Capital Outlay Committee and the Finance Committee. On june 17th Town Meeting also approved the funding for construction of the shelter.

The Request for Proposal was submitted with the Designer Selection Board awarding the project to local architect Paul Blanchard. The committee has met with Mr. Blanchard regularly and plan to break ground for the shelter in early April of 1995.

The Animal Shelter Committee ended 1994 with both land and funds to begin construction of a new shelter in early 1995. This was a major accomplishment for a committee that has been in existence since 1989.

The committee believes that Plymouth's unwanted and abandoned animals should be in the new facility by August of 1995.

2951

The Plymouth Cultural Council is appointed by the Selectmen to oversee the re-granting of funds allotted to the Town of Plymouth by the Massachusetts Cultural Council. The council meets once a month at the Town Hall.

This year, the council conducted a survey to determine the cultural priorities of Plymouth residents. A questionnaire was sent out to 360 individual artists and cultural organizations from a list compiled by a Cultural Needs Assessment Subcommittee in 1993. In addition, copies of the questionnaire were left at both public libraries and at the town hall. The response level was low. Out of the 360 mailed surveys, only 28 were returned. Another ten responses were left in boxes at the libraries and the town hall for a total return of 38. Because of the small sample, the results of the survey may not be accurate. However, the responses we did receive were helpful in giving us a sense of the community's general needs.

The overwhelming majority of respondents expressed their support for outdoor concerts and arts festivals open to all ages. The need for a newsletter to publicize local events was also nearly unanimous. Some of the other suggestions were for more dramatic plays and musicals, a First Night type event, film festivals and coffeehouses for poetry readings and music. The response to the question about which groups were culturally underserved in Plymouth elicited varied responses from "everyone" to "North Plymouth." Others considered underserved were teens, minorities, children, literary groups, less affluent middle-aged people and local talent. Of those who answered the survey, 42.3% felt that approximately 25-30 % of funding should go to school programs; 23.1% thought schools should receive 35-50% of the total funds; 19.2% felt schools should get 10-20% of the grant monies and the remaining 15.4% were evenly split between under 10% and over 50% for the schools.

On May 18, 1994 a meeting was held at the Plymouth Public Library to discuss the survey and other concerns about the granting process. Although sparsely attended, the meeting was helpful in setting up this year's grant guidelines in regards to deadlines and procedure.

This year the town was allotted \$12,248 by the Massachusetts Cultural Council. This is an increase of \$5,123 over last year's funding. Of this amount, \$192.88 was deducted to cover administrative costs; \$654.88 was added from interest on PCC town accounts; and \$560 was added from unused funds from 1992-93 grants. The total amount available for grants this year was \$13,250.

The deadline for this year's grant round was Friday, October 14, 1994. A total of 52 grants were received by that date, consisting of 45 local cultural council grants

and 7 PASS (Performing Arts Students Series) grants. The total amount of these grant requests was \$44,349.60 (not including transportation costs for PASS grants). At a meeting held at Town Hall on Thursday, October 27, 1994, with all sitting members of the council present, the following grants were approved or rejected as indicated:

In the upcoming year, the council will be looking for residents interested in either becoming members or assisting in a special project to donate an artwork, i.e. sculpture, mural, painting, etc. to the Town of Plymouth. Because of accumulated interest from past years, the council has approximately \$10,000 available to put towards this project. Interested residents may contact the selectmen's office at the town hall.

Plymouth Commission on Disabilities

JECT

JECT

ECT

CT

CT

CT

T

10

MISSION STATEMENT

The mission of the Plymouth Commission on Disabilities is to provide effective and timely services to disabled residents of Plymouth; to advocate on behalf of the disabled and make appropriate referrals to other agencies where possible, and at all times assure that the disabled person is treated with dignity and respect that they deserve.

The Plymouth Commission on Disabilities has had an extremely busy year. The Commission has been working very closely with the town to oversee the implementation of Title II of the ADA. This title which took effect in January, 1995 contained many implications and new responsibilities for the town and the Commission. The Town of Plymouth is putting forward an extraordinary effort on behalf of its disabled citizens. With the changes that are taking place we find our assignment growing with new and added challenges.

The Commission has been working very closely with the Town Hall Study Committee and the architect to come up with plans for the modifications to town hall. We were able to provide great input to the process and came up with what we believe will be a totally accessible building encompassing ADA needs as well as increasing the safety and comfort of the building for anyone doing business at the town hall as well as for the employees.

We have been involved in a number of other projects. One of many is the formation of a coalition of area disability commissions so we might more readily share information. We continue to setup a computer network for the disabled so we may all share and learn. Our newsletter will continue to update the disabled, as well as provide non disabled persons some insight into our lives.

We continue to perform accessability inspections and find that overall complaints are down considerably this year. We find that the town and local business owners are now more receptive to our efforts and actually invite us to assess them.

As always, the Commission is pleased to serve the citizens of Plymouth and will continue to serve with the utmost regard to the disabled citizens of Plymouth.

Harbor Committee

The Harbor Committee was established in 1962 to study all issues relating to the shore frontage of Plymouth, including the harbor as well as use and operation

of all waterfront facilities, shore protection, landings, and beaches and to make recommendations to the Board of Selectmen in connection with the entire waterfront.

During 1994, the Committee participated in several activities. The Committee followed up on replacing the doors to the dumpster and waste oil receptacle which had been removed for repair to the supports. Improvements have been made in the area of keeping down the odor and mess connected with taking out of fish and keeping of lobster bait on the wharf.

Na

tion

The Committee submitted a letter to the Selectmen concerning its objections to paid parking at the harbor area. This paid parking was postponed to some time in the future if it is deemed necessary. A complaint was sent to Atlantic Disposal regarding better care of the dumpster and requesting a disinfectant spray each time they empty the dumpster.

The Committee completed a project at the entrance to the jetty. This memorial consists of an anchor and a large stone, both imbedded in concrete. The stone is engraved with appropriate wording. There were roses planted at the site and the entire area is covered with a layer of decorative stone. This was accomplished entirely with donations of labor and materials with no cost to the town.

There is to be a pump-out station at Brewster's Plymouth Marine. This should be completed in the spring.

Selectman Linda Teagan has agreed to be the liaison to the committee from the Board of Selectmen and has attended several meetings and made several good suggestions.

The Committee has been in touch with the Scituate Harbor Master to obtain a copy of their rules and regulations for their harbor with an eye to coordinating efforts.

The Committee is currently in touch with "Destination Plymouth" in order to put together an outline of the interesting points along the coast, including memorials and shipwreck locations so that the harbor area will be included in the their tourist brochures and signs. This will probably be completed for the 1996 tourist season.

The Committee reviewed plans for a southeast breakwater to protect the area from the worst storms and reducing the damage done annually by the weather.

Old Schoolhouse Committee

The Old Schoolhouse Committee meets the second Tuesday of each month at 6:30PM. The schoolhouse is located at 1144 Long Pond Road in Cedarville.

The activity at the schoolhouse has continued to increase. The various organizations and civic groups using the facility include Cedarville Arts and Crafts Guild, National Association of Artists, Alcoholics Anonymous, Cedarville Landing Association and the Kingsbridge Shores Civic Association. Blood pressure clinics are held the third Monday of each month. The schoolhouse is also the town voting headquarters for Precinct 8.

The building continues to be maintained on a weekly basis. The committee has been able to institute this program as a result of donations received by the groups using the schoolhouse.

130 Court Street Committee

The 130 Court Street Committee meets on an as needed basis. The committee was established by Town Meeting in 1975 to approve uses of the 130 Court Street property.

130 Court Street Front continues to be fully occupied and the Plymouth School Department still assumes all responsibility for 130 Court Street Rear.

The committee met in November, 1994 and, at that time, the property was surveyed. It continues to be in good repair.

Plymouth Beach Advisory Committee

The Plymouth Beach Advisory Committee is comprised of eight members appointed by the Selectmen, each for a two year term. In addition, there is one representative designated by and from the Conservation Commission. Meetings are regularly scheduled at 7:30PM on the second Wednesday of each month.

The committee's charge was made by the Selectmen in 1990, namely: the study, research and preparation of recommendations and proposals relative to the long-range utilization, management, protection and development of Plymouth Beach.

The year began on an extremely sad note. Long-time member Herb Ryder died suddenly while attending a group meeting on Plymouth Beach, the barrier beach he so loved and so diligently fought for its very survival from the elements.

At the July meeting, the Chairman announced the resignation of another long-time member, Ken Taber, whose decision was based not only on time and business pressures, but also on the frustration that efforts of the PBAC went unrecognized.

Ply

ers

and

eas

The Selectmen appointed John Scagliarini to fill the naturalist vacancy and there is still one vacancy in the category of recreational user.

The thrust of the committee continues to center on a harmonious balance of recreational use and wildlife habitat. To that end, an educational program is being developed to encourage safety, preservation of the beach and protection of wildlife.

The committee continues to seek ideas to better serve the town and welcomes interested citizens to attend the meetings.

Plymouth County Mosquito Control Project

The Project is a special district created by the State Legislature in 1957, and is now composed of 25 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. On July 14, The Town of Whitman rejoined the Project. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

Again in 1994, the season began with an above normal water table which produced large numbers of spring brood mosquitoes throughout the County. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low-volume adulticiding began. The Project responded to increased numbers of service requests until a drying trend occurred during mid-summer. All sprayers and trucks performed well with little time lost to breakdowns.

The threat of mosquito-transmitted disease Easter Equine Encephalitis (EEE) was low in 1994. This season marked the first time since 1981 that EEE virus was not isolated during the mosquito surveillance period. The recurring problem of EEE

in Southeastern Massachusetts continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

The figures specific to the Town of Plymouth are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Plymouth residents.

Insecticide Application. 8,852 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

The greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 155 inspections were made to 181 catalogued breeding sites.

Finally, the project has been tracking response time, that is the time between notice of a mosquito problem and response by one of the inspectors. The complaint response time in the town of Plymouth was less than two days with more than 610 complaints answered.

Water Management. During 1994 crews removed blockages, brush and other obstructions form 3,100 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Mosquito Survey. A systematic sampling of for the mosquitoes in Plymouth indicates that *Culiseta melanura* was the most abundant species. Other important species collected included *Uranotaenia sapphirina* and *Aedes excrucians*.

Police Station Building Committee

In March, the architectural firm of Donham and Sweeney, Inc. from Boston was awarded the contract for design services for the new police facility. They immediately completed the final reduced plan and received the necessary approvals from various Town boards. The bid process for construction was successfully completed, which was approximately \$4.5 million dollars. The bid was awarded to J.K. Scanlon of West Bridgewater on September 9, 1994. They too, immediately proceeded forward by clearing the site, completing preliminary grading and digging

the foundation. When the ground breaking ceremony was held in September, 1994, the grounds were ready for beginning construction of the new building.

Footings, the foundation and the first floor pouring followed in rapid succession as the building and cell block area became distinguishable. Presently, the first floor studding and wallboards are installed, and, the second floor and roof trusses will quickly follow. The building will be secured as to allow inside work to be completed during the winter months.

Meeting schedules have been established. There is a weekly meeting at the site with the general contractor, the architect, the clerk of the works and the building committee to monitor weekly progress. There is also a monthly building committee meeting to approve vouchers and work schedules and to discuss other related business. This meeting is held the first Wednesday of every month. These meetings help to keep everyone involved and well informed. The committee is pleased with the progress and proud of the product.

Public Works Facility Study Committee

On or about March 2, 1994, the Maintenance Division moved to the new Public Works Facility in Camelot Park. The Highway Division moved in approximately April 15, 1994, and members of the Water Division moved from the Howland Street shop approximately May 1, 1994. After alternatives were evaluated about the use of the Long Pond Road property, it was determined to move the Water Division personnel to this facility.

The Howland Street property is scheduled to be disposed of since the Board of Selectmen have determined it to be surplus property.

The Town of Plymouth has been notified that it has been granted two (2) \$100,000 grants to build salt sheds. One facility is to be built at the Cedarville Transfer site with capital funds being requested to provide an addition to the facility for the district crews. The second salt shed would be built, if approved, on land adjacent to the new Public Works facility in Camelot Park.

The Committee continues to look forward to working with the different Boards and interested parties to provide safe and efficient work space for the Public Works employees.

It is the wish of the Committee to be continued for the coming year.

Recycling Advisory Committee

The Recycling Advisory Committee is comprised of five members with Assistant Director Joseph Pine as DPW liaison. The Committee meets monthly working with the DPW and Board of Selectmen to address issues concerning all facets of recycling in Plymouth.

The Town's recycling efforts have brought about a marked increase in the amount of material going to market. The cumulative totals are 130.49 tons of commingled materials and 413.50 tons of paper, for a total of 543.99 tons.

ne

9

Over the course of the year, the committee was involved in a number of activities. One of the most satisfying of these was working with the Town to be awarded a grant from the State which provided us with several things. The Town received two containers (one large and one small) for commingled recycled items as well as educational brochures which were mailed to all households in Plymouth. The grant also allowed the Town to distribute a total of 575 compost bins, 300 of them coming to us free of charge so as to generate revenue to purchase and resell the remainder. Joseph Lambert, a regional municipal planner from The D.E.P. attended one of the committee's meetings to encourage the group to apply for a similar grant program this year. That grant application has been submitted and, if awarded, could possibly result in more brochures, containers, compost bins and the materials for a paint recycling program.

A long term project of the Committee has been to purchase and install a photovoltic light at one of the transfer stations as a practical demonstration project. Commonwealth Electric has been working with the DPW to install two poles in Manomet, and the light is on hand soon to be installed.

It is a pleasure to report that the recycling program has now been expanded to include corrugated cardboard collection at Manomet. There is also a bin provided by Goodwill Industries for reusable items at that site.

The Volunteer Recycling Committee is a critical component of the total recycling program. The first Volunteer Appreciation Night was held to recognize over 200 citizens who have given their time to sort materials and assist at the transfer stations. A quarterly newsletter is distributed to all volunteers and made available at the library. The volunteers also held an elementary school poster contest which was very successful as part of Earth Day 1994.

The 4000 hours contributed by volunteers have been critical to the successful operation of the Town's recycling program and have saved a considerable amount of money. The committee is always looking for volunteers and counts on that commitment.

Plymouth Contributory Retirement System

After considering several firms, the Retirement Board began its year with the hiring of New England Pension Consultants as our investment advisor. This action was taken in order to provide the Board with the professional skills required to improve the pension fund's return on investment and to reduce risk via asset diversification.

A revised Investment Policy was enacted by the Board. The new policy included strategies which expanded our current policy and introduced a new style of investing in a broader range of markets.

Upon careful research and review and after the subsequent approval by the Public Employee Retirement Administration (PERA); we added the following firms to our list of portfolio managers: Templeton Investment Council, Inc.-International Equities; Morgan Grenfell Investment Services, Limited-Global Fixed Income; Bankers Trust Company-Tactical Asset Allocation and Loomis, Sayles & Company-Domestic Equities. State Street Bank and Trust continues to manage our domestic fixed income and serves as our portfolio custodian.

The Board, in conjunction with the Personnel Department, scheduled an employee retirement information workshop for July 21, 1994. Two sessions were held in order to accommodate all of the interested employees. Information was shared regarding both active membership and potential retirement benefits. Kurt Czarnowski from the Regional Public Relations Affairs Office of the Social Security Administration attended and addressed issues regarding the "Government Pension Offset" and "Windfall Elimination Provision." Both sessions were well attended and received.

During the year, John Kirby was re-appointed to serve a third term on the Board. His appointment will expire in June 1997.

The Board continues to update the retirement data files in anticipation of our upcoming tri-annual actuarial review which will be based upon our December 31, 1994 data. It is expected that the report will confirm that our Actuarial Unfunded Pension Liability has stopped increasing and has begun to decrease.

In an effort to stay abreast of the current issues regarding Chapter 32 of the Massachusetts General Laws, Board members and our Administrator attended several educational sessions sponsored by the Massachusetts Association of Contributory Retirement Systems, the Regional Retirement Administrators' Group, the TACS Computer System Users' Group and PERA.

The Retirement board looks forward to another year of service to both retirees and current employees. The Board also wishes to thank the staff and the employees of the town's Accounting Division and Personnel Department for their valued assistance in helping the Board better serve its customers.

1749 Court House Committee

Due perhaps to the record breaking heat and humidity of the summer, attendance was down slightly from last season; 10,879 as against 11,057. In spite of this, 1994 was a milestone for the 1749 Court House Museum. More local people than ever visited as well as those from neighboring towns. There were visitors from such remote and exotic places as Tibet, British virgin Islands, Malaysia, New Hebrides, Marshall Islands, Trieste, Italy, and Guerney Channel Islands, Gr. Britain. And on June 29, just an hour apart, there were two groups from India, one from Bombay and the other from New Delhi. Other interesting visitors during the season were a Mennonite family form York, PA., a group of 13 tour interns from Providence, R.I., 30 members of a church group from So. Carolina, representatives from the Mass. Office of Travel & Tourism, and pupils and teachers from Laissez Faire, a local summer theatrical school. On the weekend of August 20th, a most spirited and animated group from England and Wisconsin entertained with stories of their friendly Drum & Bugle Corps competition in Foxboro. More bus groups are discovering the museum as well, throughout the summer months and into the fall.

Viewing the 18th and 19th Century artifacts in the first floor museum, reading original handwritten indentures, early census records, etc. help to provide visitors with a view of early colonial life in Plymouth. One of the exhibits, a children's wooden

farm play set has been unusually popular with visitors this season. It has always been especially appealing to toddlers, and they invariably kneel down in front of the showcase, pointing at and trying to touch the figures. This delightful playset entertained seven generations of children in one Plymouth family. Families, too, continue to play our WHAT IS IT? game together. There are seven unusual unidentified objects on display. This engages parents and children in a fun (and learning) competition. The rarest, and most difficult to guess, is the 1890's pencil sharpener.

There have been many favorable comments on the appearance of the second floor courtroom, now that a prisoner's dock has been added. There are also now on display two sets of copies of actual court records. One is a sometimes amusing collection of late 1600's and early 1700's court cases. The second is a collection of actual cases heard in our building from 1749 to 1820. Large family groups frequently linger in the courtroom holding mock trials, accompanied by much giggling and laughter.

The committee is pleased with the continuing popularity of the museum, as evidenced by the great number of repeat visitors. Next year will be our 25th anniversary, as well as Plymouth's 375th. The committee looks forward to 1995 with much anticipation.

Town Forest Committee

The town is presently at the halfway mark in its ten year town forest management plan. Through installation, monitoring and occasional repair of gates, the problems of rubbish dumping have leveled out to a minimum. Replacement of these cable gates with a more durable tubular gate should further discourage dumping and reduce maintenance and should diminish the risk of injury as well as contribute a more "professional" appearance to the forest access points.

Several stands totaling almost 35 acres have been blazed for pre-commercial thinning and/or firewood and seed cuts. However, due to a weak market, operations have not yet begun. This work is scheduled to be performed during 1995.

The committee's visions of a functional, self-supporting forest will soon be a reality.
